You will be required to write the Entrance Assessment for Accelerated Math 9 on the day of the Grade 8 Orientation (Friday, January 26th at Heritage Woods Secondary). The Heritage Woods Grade 8 Tour is set for the afternoon and the Math Entrance Accelerated Assessment will take place from 2:30pm – 4:00pm. You need to bring a pencil, eraser and calculator with you. The assessment includes basic topics from Math 8, new topics from Math 9 and problem solving. You are not expected to prepare for the assessment. It is designed to identify students who already have the required skills and knowledge to be successful in an accelerated course. Space in this course is limited to 30 students, and there are other opportunities to accelerate yourself (ie Summer Learning). If accepted into this course, you should expect to spend a good amount of time completing daily assignments in order to be successful.

- ✓ Acceptance into the Mathematics 9 Accelerated Course is based on entrance exam & teacher recommendation. Math 10 Foundations & Pre-calculus credit will be given upon successful completion of this course.
