iHub Program

Inquiry Hub is an innovative secondary school, in the Coquitlam School District, where students pursue their own personal interests and dreams. About half of students' time is scheduled with standard classes with a focus on project-based learning, while the remaining time is left unscheduled.

Students use their unstructured time to work on coursework, inquiry projects, and things that interest them. We focus on learning through the Internet, on student presentation and communication, and on cross-grade and cross-curricular learning.

There will be an open house on December 7th.
