

Hillcrest

Daily Announcements

Monday, October 17, 2022

The Hillcrest **swim team** participated in the district swim meet this past Friday. The students should be very proud of how they represented Hillcrest. They pushed themselves to swim fast and were very supportive of each other by cheering each other on and swim club students supported students who were new to a swim meet. Students participated in 11 events in both solo and relay categories. Good job swim team!

Attention all **Grade 7 Volleyball** players. There is a MANDATORY meeting today at the start of Nut break in the Music room. All players must attend or we will be cancelling tomorrow's game.

Reminder to the **Grade 8 volleyball** team that we have practice today after school. See you all there!

The **Scratch Coding Club** is meeting for the first time tomorrow at lunch. Come join us if you think you might be interested. This club will meet every Tuesday during lunch after the eating time and will meet in room 162, Mrs. Hampton's room. Members don't need any experience, all you need is a laptop. The first meeting is tomorrow, See you there!

The long wait is over, **Intramurals** at Hillcrest will begin next week! From now until December, sports leadership council voted for VOLLEYBALL as our first Intramurals sport. Teams will be divided into 6/7 and grade 8. No grade 8 can play on a 6/7 team and no grade 6/7 can play on a grade 8 team. If you are interested in making a team then come to Mr. Perry's room, room 153, to pick up a team form. Deadline is this Thursday to get forms into Mr. Perry. Go sports!
