

DAILY ANNOUNCEMENTS

Friday, March 14, 2025

Good morning. We will be back in 30 seconds with your morning announcements.

Announcer 1: Attention everyone, we've got BIG news!

Announcer 2: HUGE news!

Announcer 1: The **Grade 8 Boys A-Team** just **DOMINATED** the championship game!

Announcer 2: Hard work? **BET**. Teamwork? **BET**. Pure skill? **BET!!!**

Announcer 1: Kway is good... but let's be real—we're **BETTER!**

Announcer 2: That's **TWO YEARS IN A ROW**—we are **BACK-TO-BACK CHAMPS!**

Both: BET!!!

Be sure to come check out and claim your belongings from the **Lost and Found** located just outside the Art Room by the end of lunch today!

HAPPY PI DAY!!! Here are some interesting facts:

1. The symbol for Pi has been in use for over 250 years. The symbol was introduced by William Jones, a Welsh mathematician, in 1706.
2. Since the exact value of pi can never be calculated, we can never find the accurate area or circumference of a circle.
3. The record for reciting the most number of decimal places of Pi was achieved by Rajveer Meena at VIT University, Vellore, India on 21 March 2015. He was able to recite 70,000 decimal places!!! So, whether you're memorizing digits, eating pie, or just appreciating the magic of math... enjoy the day! Happy Pi Day!
