<input checked="" type="checkbox"/>	Choices	As Miss Tambellini and Mr. Rietchel talked about in the first assembly, school is about choices and consequences. Do something good get a good consequence; do something naughty, there is a bad consequence. That even applies to mistakes and accidents. We have had a few accidents around here where students came forward right away and the damage was minimized and safety was insured with broken windows. However, there have been a few situations where students do not come forward when an accident has happened taking alot more time for us to fix the situation and/or repair damage. In some cases there is even more damage caused because the situation was not dealt with sooner. Remember telling the turth sooner and being honest keeps things small.	11
<input checked="" type="checkbox"/>	Habit #3 Put First Things First	A few more things to get you thinking about this habit: 1. Are you a people pleaser- someone who says yes to everything and everyone? If so, have the courage to say no when it is the right thing to do. 2. If you have an important test in one week, don't procrastinate and wait until the day of before to study. Suck it up and study a little each day.	11
<input checked="" type="checkbox"/>	Soccer Intramurals today at lunch	Grade 7 and 8 soccer players should be in the gym ready to play by 12:35.	11
