

WEEKLY UPDATE

Starting Monday, students who have chosen to return to in class instruction will attend on their assigned days from 8:40am-2:40pm.

A-L- Monday & Tuesday
M-Z -Thursday & Friday

Students of families who are providing an Essential Service have been provided additional information on their child's schedule from the office.

School will look different; children are to bring limited belongings which will be kept with them, not in their cloakrooms.

Please ensure everything you send is labelled. The water fountains have been closed, so please ensure your child brings a filled water bottle each day. There will be no access to refrigerators, microwaves or utensils. We are unable to facilitate snacks, lunches or supplies dropped off throughout the day, so please ensure your child is prepared for the day.

If you have not had communication from the classroom teacher regarding classroom specific supplies please bring:

- a pencil bag with scissors
- water bottle
- snack
- lunch.

Students should arrive prepared for the weather. Please consider:

- hat
- light jacket
- sunscreen

We plan for children to be learning outside as much as possible. If your child can not independently apply sunscreen, please apply it before coming to school.

PRINCIPALS MESSAGE

We are excited to welcome students back into the school next week. Parents will have already received information regarding the days that children are scheduled to attend school. During the next few weeks teachers will be continuing with remote learning, while incorporating on site learning as well. While this marks a change in some of our processes, our basic principles in the Continuity of Learning will continue to be the priorities as we move forward into Stage 3 of the Covid – 19 plan from the Ministries of Health and Education.

ONGOING COMMUNICATIONS FROM THE SCHOOL

When possible, we will be including important information in our weekly newsletter that comes out on Fridays. We ask that you monitor your emails for timely updates to keep current with the information that is coming out throughout the week.

CONTINUITY OF LEARNING

To ensure B.C.'s K-12 education system supports the coordinated approach, the work will be guided by a set of principles to:

- 1| Maintain a healthy and safe environment for all students, families and employees.
- 2| Provide the services needed to support children of our essential workers.
- 3| Support vulnerable students who may need special assistance.
- 4| Provide continuity of educational opportunities for all students

Returning To School During COVID-19

By Heather Androssoff

COUNSELLORS CORNER

 Shared by Mrs McClarty

Dear families, please consider sharing this story with your children about how in-school learning will look this June, as a step to help prepare them for what may be the same as before Covid-19 and what may be different.

All of the information in the story applies to our school, with the exception of page 36, which indicates that playgrounds will be closed. Our playground equipment will be open [Returning to School During COVID-19](#) by Heather Androssoff
