

# THE WEEK AHEAD

The winter weather is here, and Kilmer students have been busy on the school grounds sledding, building forts and making snowmen. The district and school staff have been working hard to ensure the school grounds are safe but it still important to be careful when arriving at school as there are still slippery areas. Please walk with care. Kilmer students are outside every day at recess and lunch so please ensure they are dressed appropriately for this snowy weather in warm weather gear; Gloves, Warm Coats, Snow Pants & Toques. The sliding hill has been open all week. As long as it remains safe, the hill will remain open for those who bring a sled to school. All children must slide feet first, and wait for the hill to be clear before taking their turn and doubles are allowed.

Cross Catchment Application and Kindergarten Registration for the 2020-2021 school year starting in September 2020 occurs soon. Read the school and program registration information below for more details.

## Cross Catchment Application Process 2020–2021

Parents can apply for a school outside of their catchment school. Approval of applications is based on availability of space and facilities.

The [School Locator](#) tool on our website provides a student's designated catchment area school.

All Kindergarten students must be registered for Kindergarten at their catchment school on February 3, 4 or 5, 2020 before completing a Cross Catchment Application.

Grades 1-12 students, who have a sibling at a school outside their catchment, will be accepted at the sibling's school (provided the sibling will be in attendance when the student begins at the out-of-catchment school). Parents still need to complete the cross catchment application confirming sibling status.

Kindergarten students who have a sibling at a school outside their catchment will be accepted at the sibling's school (provided the sibling will still be in attendance the following school year) and are requested to register at the sibling's school on February 3, 4 or 5, 2020. Therefore, Kindergarten parents do not need to fill out a cross catchment application verifying sibling status. The exception to this is for a Program of Choice. Parents must complete the online Kindergarten Programs of Choice application for siblings to attend the same program.

Kindergarten children with siblings in a Program of Choice must still apply online.

### HOW CAN I APPLY FOR CROSS CATCHMENT?

Cross Catchment application forms can be accessed online at [www.sd43.bc.ca](http://www.sd43.bc.ca) between Thursday, February 6, 2020, 9 a.m. to Wednesday, February 12, 2020, 4 p.m.

**\*Smiling Creek Elementary School will only consider cross-catchment applications from families in the Leigh Elementary School catchment area who reside east of Kingston Street & North of David Avenue.\***

Applications will be processed based on the availability of space in schools and on a random draw process (using in-district priority, then out-of-district).

If enrolment projections show that space is available, cross catchment transfer applications will be accepted in accordance with the following priorities: (i) catchment area child; (ii) non-catchment area child; and (iii) non-school district child.

- It is an approach to education that encourages children and their teachers to explore, question, discover and acquire skills of critical thinking and collaboration in beautiful, stimulating environments.
- Children express interests and ideas, research for further information, reflect on the experience and form conclusions. Through this process, children develop the confidence and independence with encouragement from parents, teachers and community members.
- The Reggio approach is not a formal approach like Montessori with defined methods, teacher certification standards and accreditation processes.

### WHY REGGIO INFLUENCED?

- Models personalized learning through emergent curriculum and responsive teaching practice.
