- **Ms. Sandilands -Digital Literacy**
- **Ms. Neigum - Home Arts**
- **Mr. Kennedy -Tech Ed**
- **Mr. Seah – Music**
- **Ms. Guo/Mr. Foulkes – Social Emotional Leadership**

An exciting year awaits us for 2018/2019! At Maillard we continue to build team identity and community connections as we understand that collaborative relationships are the key to creating the most effective learning environments. Therefore our teams are organized in such a way that each team has students in Grades 6,7 & 8 and all but one team is a blend of French Immersion and Neighbourhood classes. In addition, next year we will have multi-grade exploration classes and specific “connection” classes twice a week that blend students in multi-grade / multi-team groups. Our staff has been very intentional with this organization in order to foster more school wide interactions and opportunities for connection. In September we will be launching our new theme “We Hold Each Other Up” as we start to deepen our understanding around how every one of us has the ability to positively affect those around us and our community as a whole.

*Fluctuating enrollment before or during September may impact our team organization.
