Kindergarten Registration

Kindergarten registration will be Feb 4 – 6, 2025. It's important that families register their Kindergarten child (birth year 2020) during the registration time period as spots will fill quickly. If you have friends and neighbours with a child born in 2020, please pass along this information.

Please note that our catchment area changed as of last year. Use the school locator located on the main SD43 website to determine your catchment school. If you currently have a child in our school and that child will continue to be registered at Miller in September, then your incoming child will be accepted. Please contact Ann or myself if you have any questions.

Cross Catchment Process

The cross catchment process begins on February 7 at 9:00 am and ends on February 12 at 4:00 pm. A student's catchment is decided by the parent and child's residence (permanent home address in which the family is living at the time they make application).

- Sibling status: children, who have a sibling at a school outside their catchment, will be accepted at the sibling's school (provided the sibling will be in attendance when the incoming student begins their schooling at the out of catchment school). Parents of children in Grades 1-12 need to fill out the sibling part of the online cross catchment application process (February 7 – 12) confirming sibling status.
- Families that live outside SD43 catchment boundaries and would like to register for the next year at a SD43 school need to go through the cross catchment process.
