If any other information comes from the Coquitlam School District regarding the Coronavirus COVID-19 that could impact this, then we will send you an e-mail immediately. **Please follow the recommendations and read the attached letters about travel at Spring Break.**

Happy Retirement to Mrs. Munro!

We celebrated with her earlier this week and wish her all the best on her next adventure!

I hope you all have an enjoyable, healthy, and safe Spring Break!

Student Learning Survey 2020 for Grade 4 Students

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents, teachers and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective. Early in 2020 the Student Learning Survey will be administered to students in grade 4 and their parents, and all school staff. We encourage parents to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included.

The survey can be completed electronically and can be accessed on the Internet at

http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-

survey is simple and secure. The survey can be accessed through the link and the *Direct access* section of the log in page by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the *Results* section.

If you have any questions, please contact the school. Also see attached letter.
