MPOWER YOUR INNER WARRIOR

This empowerment program aims to benefit your child emotionally, mentally, and physically through jujitsu martial arts. The values of martial arts such as respect and self-defense will be discussed in a welcoming environment, but confidence, self-awareness and proper goal setting approaches will also be incorporated in the discussion as these are important lessons that help students mature. The student will learn practical self-defense skills through technical drills, workouts, and games. These skills will focus on both grappling and striking techniques. Come prepared to find your "Inner Warrior"!

'My experience with Shaheen was fun to do jujitsu with. He made the hard work of training easy, helpful and fun. He has so many qualities like working hard, not stopping to believe in himself and us too. He will not give up on something he sets his mind too. I do not have much to say but I have believed that the smaller things make a big difference in the world.' - student
