## **McFaul's Chat and Chew: A Gr. 6 View of Monty.**

This past week Ms. Holden and I met with all of our Gr. 6 students to discuss with them some of their thoughts on their first two months at Monty now that they are comfortable and experienced in our school. We asked them 3 questions and below is a compilation of their responses:

1. What is different at Monty that you like about our school?
  - Cool cafeteria, locks and lockers, change rooms, microwaves
  - More room for students, more freedom, eat lunch anywhere
  - A Rights Respecting School, the connection with teachers
  - Lots of clubs, Explorations
  - More computer lab access
  - Extra-Curricular activities/ Intramurals
  - More than One Teacher
2. What is different at Monty that is challenging?
  - Math is harder
  - Water fountains do not work
  - Bells sound like a fire bell/ Starting school @ 8:40
  - Shots/ immunizations
  - Community Circles
  - Fitness Friday/ Insanity Fitness
  - Older kids can be intimidating/ disrespectful language from kids
3. What are some ways you could see us improving the culture of learning at Monty?
  - Treat Gr. 6ers equally
  - Have more team / school wide meetings
  - Teachers to coordinate their homework assignments
  - Update cafeteria food, not paying for utensils, Smoothies for sale
  - Longer Nut Break
  - More time to change for gym/ Private stalls for getting changed
  - More digital clocks/ More blinds on windows
  - Start a school Green/ Environmental Club
  - Start a gardening Exploration
  - Carpets in the classrooms, Thicker toilet paper
  - More Band instruments to select from

We listen and we make adjustments where we are able to have impact to enhance the greater good for all as you see they are many great ideas like an Environmental Club and there are ideas like thicker toilet paper that go far beyond our school based control. We thank our Gr. 6's for their insight and their honesty about how to make their new home a better place for all.

## **Culture Beat: Events and Activities.**

### **Week in Review -**

**Explorations Assembly** – We had Mr. De Vita working at his best when he had 4 Rock Band performances to stage with his Exploration classes. We had every student in the Music Exploration class either playing an instrument or singing to their class voted upon popular song. The gym was rockin’ to Katy Perry, Marianas Trench and others as our students put forth their own musical celebration starring themselves to be front and center. Great job Mr. De and we look forward to the next round of student performances in January.

**Remembrance Day Assembly** – The opportunity to change from a rock and roll revival show to a ceremony of respect and reflection was placed in front of our students and they showed their strength in presenting an assembly of great reverence. We had students sharing poems of Peace and Hope, students singing a song of life during war time and invited guests who spoke about the many heroes Canada has had doing their unheard of contributions around the globe. Naval Officer Dunbar brought attention to his connection to the men and women who have gone before him and how they sacrificed much for our freedoms and how we need to hear their simple stories of living and their brave contributions to help others. This assembly was organized by our Exploration Teams and we thank those teachers for their vision and talents in putting this event together with such significance to help our students build connection to the past and to their lives now.

**Athletic Updates** – Our combined Field Hockey Team called Maillonty – ( a combo of Maillard and Monty students) won the district finals for their sport. The Gr 8 Volleyball season continues with practices and their upcoming playoff schedules. Our Gr 7 Boys and Girls Vball teams will have their team celebrations on Friday of this week, so please be on the lookout for an info page asking them for pizza orders and payment as they will have a mini Vball competition to wrap up their year.

**School Policy Forms** - At the beginning of each school year there were a number of necessary forms that we need you to complete. We are pleased to now have these forms online. It is crucial that you complete the required forms for each student. Please go online to [www.sd43.bc.ca/montgomery](http://www.sd43.bc.ca/montgomery) and click on the Parent eForms button and complete the following forms as promptly as possible. We also have printed copies in the office, which can be filled out and returned to us.

<b>School Policies and Permissions Form</b>	Read the various policies and permissions and discuss them with your child. Please complete this form for District Wide Network and Internet Use. If this form is not completed your child cannot do research or have computer use at school.
<b>Emergency Release Form</b>	Complete all areas of this form, print and return to school. The information on the Emergency Release Form is copied and placed in our Administrative Emergency Bag. This information is vital to your child’s safety. Please complete.

**Me to We – We Scare Hunger** – The goal of attaining 1000 items was accomplished as the group gathered over 1300 items for donation to the SHARE Food Bank. Thanks to the parents of Ryan Y., Mitchell S. and Gwen G. for helping out with the transportation of these food stuffs and our students to help unload their donated items. Our school community should feel proud of taking the Me to We Challenge and supporting our local food bank. Congrats to all of our student organizers who rallied the school spirit and went out door to door to help extend the goodwill of our school to the neighbouring community. Stay tuned for more local charity supports as we prepare for the upcoming holiday season and future community based events.

**Lost and Found Items** – We have had and will continue for this coming week to have all of our Lost and Found Items on display in the main office hallway. We have a collection of many jackets runners and other clothing articles that you may want to view. We know that students forget and often times could not identify their main clothing articles so we encourage you to drop on in and do a review of any possible items that may have been misplaced by your child. At the end of the week all clothing articles will be gathered and sent to our local clothing charity at SHARE services.

## KID'S CHRISTMAS/HOLIDAY MARKET 2013

Montgomery Middle will be hosting its 4th annual Christmas Market throughout the day on Friday, November 29th. Students will have an opportunity to shop for unbelievably priced gifts for family and friends and gifts will be wrapped and ready to go under the tree when your child comes home. We all have the opportunity to clear out those things we don't really use any more, re-gift those lovely, but not really you, items you've received over the years and donate those ornaments you no longer have room for on the tree or that wrap, tissue paper and gift bags you're tired of seeing year after year.

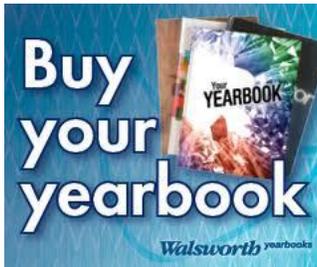

The Christmas Market is made possible with 100% donated items and 100% of the money earned goes to support Christmas charities in the community. A great opportunity to make our children aware, that not everyone enjoys a wonderful dinner and gifts under the tree on their Christmas Day.

Full details of the Market will come home in early November but now is a great time to set a box aside and start filling it with items you think someone else could use and love. Cups, mugs, toiletries, books, golf balls, toys, puzzles, games, aprons, ornaments, picture frames, movies, CD's, candles, the possibilities are endless and don't forget the gift bags, wrap and tissue paper.

Many volunteers are needed to make this event a success from sorting donated items prior to the event, to manning a table or working at the gift wrapping centre. It is an amazing day to watch the faces of your children as they find that perfect gift for you and so heartwarming to know how many people this one day will benefit. Mark your calendar so you can be part of the experience.

Any questions, ideas or suggestions can be sent to Evelyn Chursinoff at [mikeeve@shaw.ca](mailto:mikeeve@shaw.ca) or 604-931-9158.

The image shows a screenshot of an iPad screen. At the top, the status bar displays "iPad", signal strength, Wi-Fi, and the time "9:41 AM". The main content is a flyer titled "iPad Evening for Parents" for Como Lake Middle School on November 28th from 6:00 to 7:30pm. The flyer text describes the event as being for families who have purchased an iPad, are considering purchasing one, or are looking for ideas to help their child succeed at school. It highlights the benefits of iDevices for students and details the workshop's focus on accessibility tools, social/communication/skill-building apps, and productivity tools. Registration information is provided at the bottom, including an email address (bpeebles@sd43.bc.ca) and a phone number (604-936-1451). The iPad's home screen dock is visible at the bottom with icons for Safari, Mail, Photos, and Music.

**iPad Evening for Parents**  
**Como Lake Middle School**  
**November 28<sup>th</sup> 6:00 -7:30pm**

*This event is for families who have purchased an iPad, those who are considering purchasing, and for parents who are looking for ideas to help to their child experience more success at school.*

iDevices, such as the iPad, iPad mini, iPod touch and iPhone can have a profound effect on the experience of all learners. As a tool for students with exceptionalities, it can revolutionize their school experience. iDevices can allow students to access information more easily, create products for sharing what they know, and work collaboratively with others on projects. They are an amazing tool to assist communication and build skills in a wide variety of areas. The most significant impact of an iDevice, is the way that it fosters independence and confidence for students.

This workshop will provide an overview of the accessibility tools that are part of an iPad, why we find them so effective in schools, and then we will break into groups. There will be a session to demonstrate apps we use for social/communication/skill-building, one group for iPad Basics, and there will be student presenters talking about productivity apps and accessibility tools they use to complete class assignments with greater success. We will conclude with a Q & A session for those who are interested.

Please email Brenda Peebles ([bpeebles@sd43.bc.ca](mailto:bpeebles@sd43.bc.ca)) or call 604-936-1451 to register for this event. We will be sharing questions through a free app called "Socratic Student"; please download it before the event if you wish to participate.

"School District 43 is currently facilitating a community engagement process for the Learning, Land and Neighbourhoods initiative.

The number of students enrolling in the school district is growing -- in the next decade there will be 5,000 more students. New schools will need to be built and others refurbished or enhanced to meet growing demand. In addition, building on the work done last year, the board is reviewing district properties to ensure we are getting the best value for students today and in the future. The school district has launched a community engagement process to help identify solutions and inform the board's actions and decisions.

We invite you to visit our [Learning, Land and Neighbourhoods section of the District website here.](#)"

To Parents and Guardians of Children and Youth in the Tri Cities,

This letter follows up on a combined commitment from community agencies, municipalities and the School District to keep our children and youth safe in our communities. Kevin Cameron from

the Canadian Center for Threat Assessment and Trauma Response recently spoke to a group of 250 parents in Coquitlam. Kevin reminded us that good parenting, open communication, building

loving, trusting relationships with our kids and listening more than talking **will** trump the social media challenges parents often face with their children, every time. Kevin will be returning to the

Tri-Cities on the evenings of February 4th and May 15, 2014. Please mark those dates in your calendar and further details will follow at a later date.

**Cyberspace Bullying (tips developed from [www.prevnet.ca](http://www.prevnet.ca)) :**

- *The majority of youth who are victimized through electronic bullying do not report this bullying*

*to an adult. Students are more likely to report electronic bullying to parents than teachers, but*

*fear that their online privileges may be revoked as a result.*

We need to make it clear that online and cell phone privileges will not be revoked if electronic

---

bullying is reported, and we need to be sure to ask our kids about their online lives, friend them on their networks and know and use the same technology that they know and use.

• *57% of the youth who are bullied electronically confide in an online friend, but fewer than 9% inform an adult.*

We need to work harder at building trust with our children/youth/students so that they will tell us when they read something online that worries them, and we need to tell them and show them

that we are here to help.

• **So, what do you do?**

**TALK** to your kids and tell them you will help , promise not to make matters worse and promise

not to do anything without informing the person disclosing. Adults need to build trusting relationships with their children/youth/students/ and provide them ideas for taking care of themselves online.
