Greetings EMMSOTA Community,

What a festive time of year. It was so wonderful to hear our bands and choirs lighting up the night last week for their annual winter music extravaganza. We hosted a packed gym of families, friends, former students, staff, and even extended family members of our staff! Special thanks to Mrs. Reichert for filling these students full of the gift of music, her husband Jonathan, who accompanied the choir on the piano, Ms. Magnusson and Ms. Turje for joining in with our bands and also sharing their gift for music, our awesome EMMSOTA PAC for hosting a concession and raffle basket, and of course all of our parents for supporting your children in the arts. What a magical evening it was, setting us up for our final week before our much-deserved winter break.

This is a special time for many people in our community and we hope to enjoy our last few days of 2019 together by sharing in some learning, some laughs and a sense of calm (well we can try...) and togetherness. We are looking forward to hosting our second annual Pancake Breaky and PJ day this Friday starting at 8 AM. More information is below. As always, it is important that we understand this time of year is not as joyful for some and it is our job as caring community members to reach out where we can, give of ourselves and perhaps bring just a little ray of sunshine or hope to families who struggle this time of year. It is how we show kindness to others that makes this place so special. Reach beyond yourselves this holiday season and share the joy wherever you can.

Cheers, A Bientot

PJ Pancake Breakfast Invitation to Families

On Friday, December 20th from 8-9 a.m., students, parents and siblings are invited to a pancake breakfast (pancakes, fruit, juice) in our school cafeteria. **Please RSVP by emailing Ms Jung at kjung@sd43.bc.ca** or by calling us at 604 461 7384 by Tuesday, December 17th, so we have enough pancakes to feed everyone! There will be an opportunity for festive photos as well since it is also PJ Day! We ask that you bring your own plate, fork and cup that are not disposable.

Special thanks to the **Vancouver Renfrew Lion's Club!**

for donating the pancake mixes and syrups for our 2nd annual pancake breakfast! We appreciate that on behalf of the Legion, **Ms Turje's** in-laws, **Mr. and Mrs. Cooper**, are donating their time to bring their large outdoor griddle to make the pancakes for us! This event is also possible because we have the support of some of our PAC executive members and 24 student volunteers along with staff volunteers who are ensuring this event is a memorable one!

Winter Music Concert 2019

What a fabulous day of song on December 12th. Our Junior Concert Band, Jazz Band, Concert Choir and Senior Concert Band, nearly 200 students grand, shone a light on those Christmas favourites we love such as My Two Front Teeth, The Nutcracker Suite and Jingle Bells. There were also selections that reflected the crisp beauty of those starry, snowy winter nights like the choir singing, *Shalom, Pacem, Peace*, accompanied by violin (Victoria, Ceeyon) and cello (Sebastian)! **Ms. Reichert's** dedication to building the capacity in our students for music is much appreciated especially when we come together

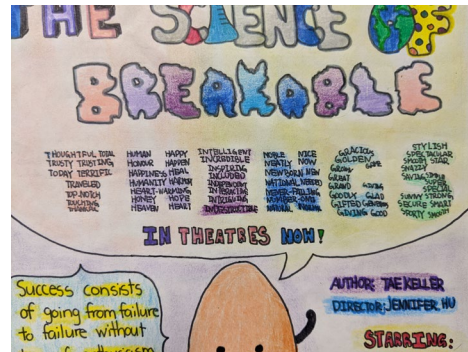

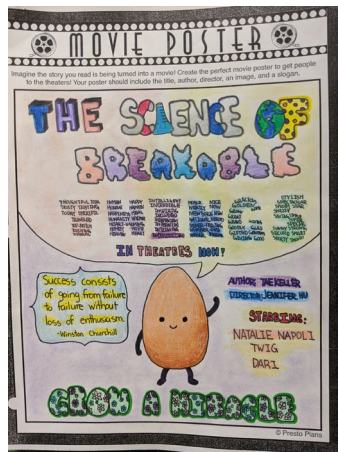

with more of our families for our evening concert! The special touch was definitely added by the piano accompaniment we have come to love from **Mr. Reichert** and our staff. This year, we featured **Ms. Magnusson** on percussion and **Ms. Turje** on her trumpet. **School Trustee Ms Pollock** made sure we knew that she thoroughly enjoyed the afternoon concert because of the hard work of our students, too!

***The Science of Breakable Things* by Tae Keller**

Students are nearing the completion of our school-wide read. In the new year, we will celebrate the completion of our novel and present an Egg-Drop Contest similar to the one that takes place in the novel. Students, please be sure to ask your teachers for the criteria if you choose to create the plans for your egg drop designs over the winter break. As well, look forward to updates about the Blue Orchid unveiling of our Art Installation inspired from the book, headed by our amazing art teacher, Mr. Walker.

Here are some reflections about what some students have learned since starting this book. Perhaps reading this as a family over the holiday break is on the list of family activities! We hope you enjoy these quotes from Mme Leblanc's and Ms Walling's classes:

“I realized that you can't judge someone without knowing about what's happening in their life.”

*Anonymous

“I realized that you never know what someone's life is like. I also thought of how the perspective of people can really change the mood...”

*Gianna K.

"I realized that you don't know what others are going through and how they're coping with that, so there for [sic] you can't judge and assume."

*Anonymous

"I realized that people will do almost anything for the people they love."

*Emma Q.

"I realized that even parents can get sad...'

*Nika S.

"I realized that things might not always be the way they appear and what you know might not be the truth."

*Tina S.

"I realized that bad things can happen but it's your choice of how you deal with them."

*Anonymous

"Every family isn't perfect. [sic] Natalie seems like a regular girl because of the way she behaves but her mom is depressed and her [sic] dad is sad."

*Elliot C.

"If someone has depression, it affects the people around them too, maybe even more than it affects the person themselves." (I changed the (grammatical) errors here and would need to ask for permission to do this.)

*Megan C.

"Sometimes in life, unexpected things can happen or things can change very quickly but you can get over it once you try to change it back or even better like what happened with Natalie's family and friendship (survived and improved)."

*Sally K.

"Some people can be ungrateful and judge people (when they shouldn't)."

*Amelia R.

"If my family is having problems... it's not all my job to fix it... but (we) have to try."

*Kourosh S.

Winter Weather Ahead!

Schools are not routinely closed due to snow or other inclement weather conditions. All schools in School District 43 (Coquitlam) will remain OPEN, if possible, during winter weather, including snowfall.

However, on occasion, a district-wide or partial-district closure is required due to extreme weather. Partial-district closures affecting individual schools may occur due to the very different geography within our school district. If there is a partial-district closure affected schools will be identified.

The decision on schools remaining open or needing to be closed, because of extreme weather, occurs **before 6:30 a.m.** so that families can plan and make alternate arrangements.

While the District tries to make the best decision with the information available, the weather does change quickly. Therefore, when schools remain open, decisions to stay at home during challenging weather conditions should be made by each family.

Any district-wide or partial-district closure will be decided and communicated by 6:30 a.m. via the School District 43 website www.sd43.bc.ca and CKNW AM 980 radio, CKWX 1130 radio and CBC (690) radio.

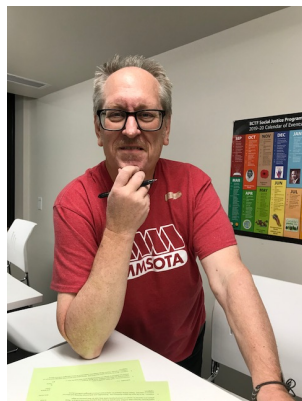

Extreme weather can also impact transit. Transit schedules may face significant changes or cancellations due to the weather conditions. Parents seeking information on transit schedules need to consult the Translink website: <http://www.translink.ca/>

We encourage families to continuously check the School District 43 website for updates and changes: www.sd43.bc.ca

Learn more about SD43's process for emergency and inclement weather status updates at: <http://www.sd43.bc.ca/NewsEvents/Pages/EmergencyInformation.aspx>

Cornerstones of ÉMMSOTA

This week, Mr. Chris Zimmer is our feature staff member, teacher of students in WIND Pod!!

Mr. Christopher Michael Zimmer was born in New Westminster, BC. He dreamed of being an architect, however, he earned his big break from Harry Schiel, publisher of PLAYBOARD magazine! His favourite memory from his middle years is definitely playing floor hockey with Mr. Hughes in the mornings! His advice to students is a simple one: Listen. It makes sense that he cannot live without his family, his amazing wife, Kelly, and two awesome twin boys, Declan and Keaton.

Other interesting facts:

Favourite book: Catch 22 by Joseph Heller

Favourite movie: Godfather II

Favourite food: goulash

Ski & Snowboard Club

Attention all parents and guardians of students in the Ski and Snowboard Club: This is just a friendly reminder that the deadline for the 2nd payment is coming due on Wednesday, December 18, 2019. Payments are to be made on School Cash

Online. We do have a wait list of students for the Ski and Snowboard club, therefore please let us know if your child is no longer able to join, as we can offer their spot to another student. Finally, if you have not done so yet, please remember to fill out the online form for the Season's pass (the link was e-mailed to all Ski and Snowboard club families earlier this month).

Scholastic Book Fair

A big thank you to our school community for coming and supporting the Scholastic Book Fair at the end of November. Our net sales were over \$2700 which gave Ms. Leonard \$1300 in books and resources for the Library Learning Commons. Thank you to all the student volunteers who were essential for the smooth running of the Fair. A special thanks to parent, Kerry LeCorre, for sharing her time, experience, all her tips and tricks, setting up the Fair (along with Jo-Ann Rempel), and for keeping the fair open when Ms. Leonard wasn't here. Also, thanks to Jo-Ann and teachers Nicole Van Veenendaal and Cristine Gambron for help with supervision.

Counsellor's Corner

Tutoring help is here!! Tutoring & homework help, led by PMSS students started on Monday, November 18th. They will be in the library every Monday, except for staff meeting days (first Monday of the month), from 3:00-3:45.

Face to Face Connections:

In this digital age, when we all need to seek out more face to face connections, we continue to wonder about the impact of technology on relationships. There is more and more scientific evidence that points to why putting our phones down can be such an important, impactful decision.

The Egg Drop Challenge!

In conjunction with our school wide read, The Science of Breakable Things, the students of Moody Middle will be participating in the design and construction of egg protective devices. The device will attempt to protect a raw egg from damage after being dropped from a 15m height. At the end of January, the school will show case the top design from each division in our school egg drop finals. Over the holidays, students are encouraged to begin collecting materials for their devices. Contest rules will be announced in class. Good luck to all eggs!

Pictured is Mr. Abello's device called "Rubber Band Bouncy Castle."

Water Pod Games!

For the past two months Div 12, 13 and 14 students have been learning about electricity in Science. We learned about conductors, insulators, resistors, circuits in series and in parallel, and what makes the difference between static electricity and electricity. To end the unit the students were given the task to make a game that when a player says something correct (or wrong) a buzzer goes off. The students were very creative with their games! We had steady hand testers, operation type games, maze games, quiz type games, Plinko style games and even a reindeer! I am sure the students had a ton of fun playing and making their games, but those buzzers were sure loud!
