Greetings EMMSOTA Community,

We continue to move forward with our school wide theme of Health and Wellbeing. This theme is so very important in our schools as we navigate the ups and downs of adolescence. Recently, through a partnership with Fraser Health and SFU Health Sciences, we have had some presentations on “vaping” and the inherent health risks, especially for youth in our communities. We hope these presentations are not standing in isolation and that parents are continuing the conversations at home. It is important that we are all on the same page in support of healthy living and healthy kids.

Also related to Health and Wellbeing we have begun work on this year’s art installation that is directly connected to our school wide read “The Science of Breakable Things” by Tae Keller. Stay tuned for more information and the big unveil sometime in the new year. Better yet, ask your children about the book and the connection to health and wellness. We are also starting our days with a mindful ART activity, activating the right parts of the brain to engage learners and help them regulate throughout the day. Ms. Armstrong is sharing mindful moments every Wednesday using breathing and words to set us up for a kind and successful day. High Five Fridays continue on the announcements every Friday, celebrating achievements and expressing gratitude for the great things that go on around this special place.

We continue to be “tech free” at breaks and get students active outdoors, in the gym or socializing in the youth lounge and around the building. I strongly encourage parents and families to take an active interest in the screen time of our young people. As we continue forward in this digital age, it is ever more important to disengage from screens, get active, read a book, vary your activities and socialize. Try taking an hour of screen time off your daily routine...bump it up to two hours. Try turning your cell phone (and your kid’s phones) off at 6 PM and leave them off. Try anything and notice the results. Some of my best days in the past year involved not being able to use my phone or watch TV or check emails on the computer. We know technology is important and is all around us. Lets just support the healthy use of technology and a varied, active lifestyle.

I am looking forward to our PAC Fundraiser this evening at the Burrard Social House. Thank you to all the parents who have helped make this event happen through their donations, and organization. All great school communities have amazing PACs and are enriched through the support of parents. With sincere gratitude.

Thank you as always for sharing your children with us every day.

Cheers, A Bientot

Winter Weather Ahead!

Schools are not routinely closed due to snow or other inclement weather conditions. All schools in School District 43 (Coquitlam) will remain OPEN, if possible, during winter weather, including snowfall.

However, on occasion, a district-wide or partial-district closure is required due to extreme weather. Partial-district closures affecting individual schools may occur due to the very different geography within our school district. If there is a partial-district closure affected schools will be identified.

The decision on schools remaining open or needing to be closed, because of extreme weather, occurs **before 6:30 a.m.** so that families can plan and make alternate arrangements.

While the District tries to make the best decision with the information available, the weather does change quickly. Therefore, when schools remain open, decisions to stay at home during challenging weather conditions should be made by each family.

Any district-wide or partial-district closure will be decided and communicated by 6:30 a.m. via the School District 43 website www.sd43.bc.ca and CKNW AM 980 radio, CKWX 1130 radio and CBC (690) radio.

Extreme weather can also impact transit. Transit schedules may face significant changes or cancellations due to the weather conditions. Parents seeking information on transit schedules need to consult the Translink website: <http://www.translink.ca/>

We encourage families to continuously check the School District 43 website for updates and changes: www.sd43.bc.ca

Learn more about SD43's process for emergency and inclement weather status updates at: <http://www.sd43.bc.ca/NewsEvents/Pages/EmergencyInformation.aspx>

Ski & Snowboard Club

Thank you to all students and families who have returned their Ski and Snowboard Club forms to Mme LeBlanc and Ms. Taylor-Hill last week. Many students have expressed interest in joining our club this year - we have received close to 70 forms! Wow!

As discussed at our initial meeting at the end of October, since we have received more than 50 applicants, the Ski and Snowboard Committee members will draw 50 names out of the 70 forms received to create the 2019-2020 ski and snowboard club! The list of club member names will be posted **in the main foyer at nutrition (nut) break on Monday, November 18.** Ski & Snowboard Club members will then be asked to attend a meeting at lunch on **Monday, November 18**, in Mme LeBlanc's classroom. Please remind your student(s) to check the roster list posted in the foyer.

Counsellor's Corner

Tutoring Help is Here!!

Starting on Monday, November 18th, we will have high school tutors from PMSS available after school to help with homework. They will be in the library every Monday, except for staff meeting days, from 3:00-3:45.

Face to Face Connections:

In this digital age, when we all need to seek out more face to face connections, we continue to wonder about the impact of technology on relationships. There is more and more scientific evidence that points to why putting our phones down can be such an important, impactful decision.

Remembrance Day

Special thanks to **Ms Reichert, Ms Magnusson, Ms Turje, Mr. Abdulla, Mme Grayston, and Arielle Sanderson**, for their amazing efforts in showcasing student talent at our recent Remembrance Day assembly. The band was more than 70 students large. The drama class' tableaux (still scenes) depicted the war-torn days. The choir sang beautifully and was accompanied by cello (**Sebastian C.**) and violin (**Victoria B.**) accompaniments while our M/Cs, **Jade** and **Owen** spoke of the 16 divisions' Valentines for Vets heart poppies. The cadets and girl guides are featured in the accompanying photo with Ms Turje, Girl Guide Leader in Burnaby. Lastly, the group of Aboriginal students were led by **Sebby P.**, wearing our school button blanket, and **Sierra D-C** who both acknowledged the traditional territories in English and French respectively.

Azadeh K., Baran B., Ms Turje, Daria B., Lincoln C-I lead the procession for the Remembrance Day Assembly

SPECIAL EVENTS

Tad Milmine of bullyingendshere.ca made a special stop at EMMSOTA on November 8th as part of his international KINDNESS tour, "not only changing lives, but SAVING them". His message was a heartfelt and raw one about his life story to find the courage to:

- Be ourselves
- Tell a trusted adult
- Get help
- Accept the help

He had a firm resolve about how "positive change begins with me" and reminded us that power is power when used for good! We are thankful to Constable Dixon and the Port Moody Police Department for funding this special presentation. We hope that the conversations will continue at home as they have continued in class as we are focused on ensuring that every student in the school has a trusted adult connection.

Tad Milmine takes questions from curious students after his school-wide presentation.

BRICK SPIRIT TEAM

Kindness Day

Kindness Day was on November 13, 2019. What a pleasant surprise it was to find happy face emojis in each student's locker with a message of kindness on the backside. What if we were to be "kinder than is necessary" every single day! How heartwarming that would be!

KNITTING BRICK

Two students with their completed Dragon Eyes!

The students in the Knitting BRICK chose their own sticks from the forest behind our school, then selected a sequence of yarns that are creative and engaging. The students then wrapped the yarn in a pattern to create a colourful focal point.

YOUNG ADULT BOOKS IN THE LIBRARY

After a thorough cleaning over the last two school years, our collection of books at EMMSOTA continues to grow and evolve. We have graphic novels, picture books, e-books, as well as non-fiction and fiction books in both English and French. Our collection is suitable for students ranging in age from 8 through 14+. As such, there are some materials in our collection that may be suitable for more mature students only; these books are marked with a “TEEN” or “Mature Read” sticker. We recognize that age does not necessarily convert to maturity, so we have decided not to restrict students from taking out “TEEN” books if they choose to do so. However, we want to make our school community aware of the denotation of “TEEN” and what it may mean about what your child chooses to read from our Library. If you are concerned about your child taking out a book too mature for them, please have a discussion with your child about not taking out “TEEN” books until you feel they are ready to do so. Here's what you need to know about Middle Grade and Young Adult distinctions in literature:

Middle Grade Books:

- Ages: 8-11 years
- Grades: 3-6
- Length: 30-50K words
- Characters: Protagonist (main character) is around the age of the reader, 8-11 years old or younger
- Topics: friendship, family, the character's life and world, external conflict vs internal
- Point of View: often third-person, meaning the narrator is outside the story looking in
- Content restrictions: no profanity, graphic violence, or sexuality permitted Examples: *Diary of a Wimpy Kid* series, *Sisters* (by Raina Telgemeier), *Harry Potter and the Sorcerer's Stone*, *Wonder* (by R.J. Palacio)

Young Adult Books:

- Ages: 12-18 years
 - Grades: 7-12
 - Length: 50-75K words
 - Characters: Protagonist is older, 12-18 years old
 - Topics: self-reflection, internal conflict vs external, analyzing life and its meaning
 - Point of View: often first-person, meaning the narrator is telling the story about himself or herself
 - Content restrictions: profanity, violence, romance and sexual situations permitted
- Examples: *The Divergent Trilogy*, *The Fault in Our Stars*, *The Hunger Games*

Now, these guidelines are just that—guidelines. Often the lines may be blurry in some books, which makes categorizing them difficult. If ever you are confused or concerned or want to learn more, read the book yourself to see if it's a good fit for your child. You are the best gauge, as the parent. You know best what your child can and cannot handle.

PURDY'S CHOCOLATE ORDERS – on now until **November 26th**! Pick up on December 4th. Order forms and brochures were sent home.

ART WORK AT THE PUB NIGHT:

Four lucky recipients of the PAC Fundraiser will walk away with precious art pieces from Mr. Walker's classes featuring Monochrome Abstraction!

Monochrome Abstraction

Monochrome Abstraction introduced students to the idea of monochrome paintings or in other words, a painting with one prevailing hue (colour).

Students were asked to choose one colour with which to work. After producing several small-scale drawings in pencil and a final drawing study in colour, students were then asked to create approximately 14 shapes by dividing the paper surface up using 'sensitive touch' painters tape. Once achieved, students then carefully painted in the shapes using tempera paint. They were to include a monochrome highlight (white paint added) as well as a monochrome lowlight (black paint added). The final challenge was to see if they could create a gradient tone that showed evidence of an even transition from their monochrome light to monochrome dark.

The overall effect of *Monochrome Abstraction* is like a subtle dance of shapes and hues that resembles in a way the intricate interplay of colour and form found in stained glass art.
