

Mountain View Elementary School

School District No. 43 (Coquitlam)

Hello Mustang Families,

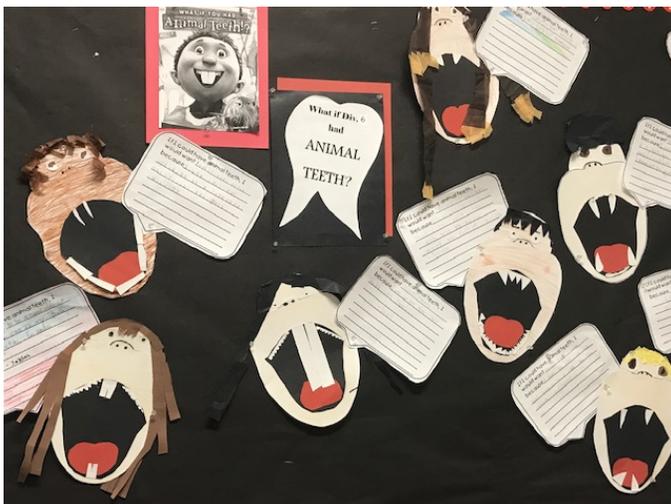

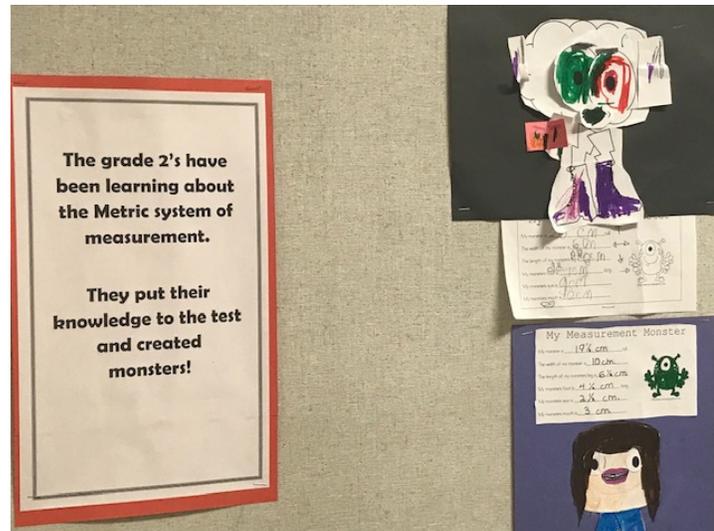

Students have been working hard as we lead up to the Track and Field District Meet on **May 21st**.

The **Empower Yoga** class is underway at lunch time and the students are learning some fun ways to be mindful.

Mrs. Debowski's class has been learning about the Metric System of Measurement... they tested their knowledge out by creating monsters.

The students in Ms. Pierce's classroom made connections to teeth and animals. If you get the chance, come on by and take a look and read some of their descriptors.

Our **Buddy Bench Crew** is in full effect. These students have been traveling around from class to class letting students know they are there for them if a student is feeling lonely at recess or lunch.
