## 6. PRESIDENT'S REPORT – PAC President: Shirley Low

- **Unveiling NEW PAC Donation Box – Kelly S.**

Huge thank you to our Executive Member, Kelly, for having this wooden donation box made for our future PAC events!

- **Reimbursed School for Green Thumb Theatre Programming (\$713)**

From the vote decision during January 2026's PAC meeting, we have now provided the school with a reimbursement cheque for the upcoming Green Thumb Theatre Programming that is scheduled for March 2026. This will be a school wide activity and will also have a performance scheduled on March 4 at 1pm.

- **Hot Lunch Operations Review**

This year, we have a brand new hot lunch team of two. They have worked hard to learn the system and have aimed for one hot lunch per month – Thank You Dilara & Lydia! If any parents would like to see more hot lunches, please sign up to be an executive as there is administrative work behind the scenes and coordination on day of that requires more people power to make happen.

In addition, the team reported to sustain smooth operations (eg. correct lunches handed to each student, etc.), we will need to invest in purchasing labels and/or other items to help organize and distribute to classrooms. We will see a small increase of expenses on this front, along with the purchase of food handling gloves, which was not accounted for in the past.

- **Playground Project Update – Refer to Appendix A for details.**

Habitat Systems (vendor) have provided PAC with an updated quote and we have received details from the District regarding what is to be paid vs not paid by PAC (ie. covered by the District). However, further site assessment is required by the district and is scheduled for Feb 20. Shirley will be in attendance along with our Principal to gather more details prior to providing PAC with final numbers to vote and decide on how the PAC would like to use funds towards this project.

- **2026/27 PAC Executives Election in May – Upcoming Opportunities**  
Shirley will step down as President role and Miriam will step down as Co-Secretary. We will need to fill both roles for PAC to continue to operate for 2026/27 school year. Shirley reassures anyone who is interested in being President next year that they will have access to training materials and she will take on Vice President role to assist during the year of transition.

Elections for PAC Executive roles will take place at our Annual General Meeting scheduled on Tuesday, May 16<sup>th</sup> at 8pm at the school’s library (in-person). If you are unable to attend and interested in applying for an Exec role, please send an email. If you’re interested in any Exec Roles, please email us at [mountainviewpac740@gmail.com](mailto:mountainviewpac740@gmail.com). The more the merrier, if we can have multiple people in roles to assist in sharing the role, it helps when someone is unavailable.

Below is a quick summary of our current PAC Executives Roles:

## APPENDIX A: Playground Project Updates

An updated quote was provided by Habitat Systems in late January and Principal helped us send it along to the District for their Facilities reps to review and provide details. As discussed previously at our November 2025 PAC meeting, the district will cover expenses upon review.

The below quote is only for preliminary considerations as the Principal will schedule an onsite visit with PAC President and SD43 Grounds Rep to confirm exact details and will impact the quotes below. A vote will take place once updated quotes are available to determine # of swing sets and # of benches, along with placement.

**NOTE:** Original ask was for new set of swings to be added beside existing set and potentially, additional benches around the playground, depending on cost and budget.

### 2026/27 SCHOOL PLANNERS DISCUSSION & UPDATES

---

A vote and discussion was held at January 13, 2026 PAC Meeting to determine if PAC would like to contribute funds to next year's planners. However, questions were brought up and discussion about how to better use these funds. Thus, vote is postponed until Feb PAC meeting until questions are addressed.

Below are the questions and respective responses received from School Admin:

#### 1) Can PAC have customized page(s) inserted in the planner as well?

##### PAC's REQUEST:

PAC is looking into creating at least one (front and back) to include some of the following information:

- **PAC 101:** A brief overview of who we are and what we do as well as promoting our PAC Hub / Info
- **Get Involved:** Contact info and simple ways for parents to volunteer.
- **Events:** A list of our annual community and fundraising highlights with visuals if possible
  
- **Process Required:** *The mock-up needs to be done and submitted to the company for approval well in advance (approx. May) so that the planners can be printed and delivered for start of Sept. We would send in the added pages along with the school as one submission.*
  
- **Cost:** *Approx \$0.15 plus tax per planner (up to 6 or 3 double sided pages for that price) as we will add onto the insert pages for the school.*
  - *Up to 2 double sided = \$0.50 per planner \*\* School already has this selected*
  - *Up to 4 double sided = \$0.65 per planner*
  
- *Inserted pages will be at the front of the planner, as per the printing company.*

#### 2) If PAC doesn't contribute funds, will parents be required to pay?

*"Based on last year's pricing, the planners cost approximately \$6 each. Since my time here, parents have not been charged for their child's student planner. **If you decide not to put funding toward the planners for the 2026-27 school year, I will arrange to cover the cost so parents are not charged.**"*

#### 3) If funds aren't required from PAC, how can be better utilize these funds?

TBD. Open to ideas based on what the PAC community suggests.

## Spring Craft Ideas – Teacher Submissions (To Vote)

### OPTION 1: Air Dry Clay

Spring themed clay art, such as leaf bowls, nature imprinted flat tiles, or figurines. Air dry clay requires 1-2 days to fully dry before adding on colour. Assign a simply option for K-2 and more intricate project options for grades 3-5.

Teacher mentioned that this type of material isn't available to them or used often in their classrooms. This will provide the students with exposure to working with clay without the use of a kiln.

### **Approx Cost: \$280**

- Air Dry Clay: ~ 40 kg / 88 lbs total (approx. 100-200g per student / more for older students)
