Old Business

Cultural Events - Additional Expense Request (Cynthia Fong)

Art Starts has about a hundred different performing groups. The budget for cultural events has not changed in 10 years. We have booked Canadiana Musical Theatre and Tribal Dancers so far and would like to book a third event but it's not in the current budget. Can we approve a budget overage to bring in the Foothills Brass Quintet? It gives kids the opportunity to learn about how music is made. It's only $13 per student to have all 3 events. We want the kids to have experiences. We have the funds. Next year we can budget accordingly to increase cultural events.

ACTION: There will be a vote on this at the November PAC meeting to over spend on this line item by $465 to facilitate 3 events.

Elimination of SPC

ACTION: Sarah will remove references to School Planning Council in the Constitution.

More Fridge Space needed (Ryan/Niki)
