Dear Parents/Guardians:

Welcome to Spring! We're off and running – literally – as Como Lake Relay during lunch hour for our grade 4s and 5s. Ms. Leaman was very pleased to interested students for this time honoured school district event. This year Leaman, Mr. Reis and Mrs. Riederer.

practices occur  
have so many  
our coaches are Ms.

A great activity for families is to go and run/jog around Como Lake sometime during the weekend. It helps our runners understand the pace they should aim for and to practice running around the lake. Our school is running on April 18<sup>th</sup> – please let Ms. Leaman know if you can drive your son or daughter and if you can take other passengers. It is such a great event and we hope to see as many parents out to cheer our Mundy Road racers!

There are quite a few events during the last 12 weeks of school – class photos are May 2<sup>nd</sup> starting at 9 am. Some classes have special field trips planned, so please keep your eyes open for notices that need to be signed. We have our Appreciation Tea on Wednesday, May 15<sup>th</sup> at 11 am – so please mark your calendar and save the date!

Our Grade 5 Farewell Assembly is on Thursday, June 27<sup>th</sup> at 10:45. The Grade 5s are going to Cultus Lake for a special, end of the year gathering on Friday, June 21<sup>st</sup> for the day. The Grade 5 teachers will be sending home more information about that event in May.

We have recognition assemblies that will continue to occur each month, including a June date. Mrs. Hein does contact parent(s) via email, so please ensure that you are able to receive email from our school and that it does not get automatically rerouted to your 'spam' or 'other' folder.

The next PAC meeting is April 17<sup>th</sup>, (Wednesday) at 7 pm. If you would like to come and hear about all the great things that happen at our terrific school, please think about coming to this meeting.

## **MUNDY ROAD CODE OF CONDUCT – And we want your feedback**

Our Mundy Road Mission Statement is:

*We are building a safe, caring school community that ensures quality learning opportunities for students.*

When you read this statement in your child's planner, along with our school's Code of Conduct, we want you to know that we follow the guidelines of the School Board. As with all school boards, the policy is that schools are entrusted through the School Act with authority to establish codes of conduct. While recognizing the autonomy of these bodies and acknowledging the efforts they have already undertaken to ensure school climates are as positive as possible, the provincial standards are provided to assist them in developing consistent and coherent policies and practices in school communities.

We review our Code of Conduct as a staff each year. This month, on Monday, April 22<sup>nd</sup>, at 9 am I am hosting a 'Coffee with the Principal' and inviting any interested parents/guardians from Mundy Road to review the document

with me. What are your thoughts? Do you have think – and this is a great way to give your input.

questions about it? We want to know what you

You may know that your son/daughter spends Code of Conduct. Now it is your turn – so please,

some time each term reviewing Mundy Road's if you can, join us.

### The History of our Code of Conduct:

In 2004 the Code of Conduct was reviewed, and content of Codes of Conduct from neighbouring schools were considered. Through examination and use of the new Ministry guidelines, a draft copy of the new Code of Conduct was made. In 2005 the draft was presented to the School Planning Council for review and input, as well as considering the input from staff and the Parent Advisory Council. The draft was then revised to reflect such input.

### Where you can find it

We publish our Code of Conduct in the students' agenda books. Students have a review of it each fall, during our first week of school, in a wide variety of learning activities. Our website also has our Code of Conduct on it. Notices for field trips also inform parents/guardians and students of the expectations for their conduct when out in the community.

Each student and parent is asked to read and review our Code of Conduct located in their student agenda. After reviewing it, each student and parent are asked to sign it to reflect that they have read and agreed to it. Expectations regarding acceptable conduct are made known to all students, parents, and school staff, including noon hour supervisors, and to temporary staff and visitors.

We endeavor to take a proactive recognizing student's positive our schools' climate through PA displays and our Health and Teachers review the Code of the beginning of the school year and refer to it throughout the year, as a continual teaching tool in their classroom, as the Code of Conduct is in student planners. Teachers incorporate reinforcing the Code of Conduct into their classroom lessons, through classroom meetings, drama games, and stories. It is part of our social responsibility focus.

We do practice a proactive approach whereby we regularly try to celebrate the positive behavior that we see, rather than focusing on the negatives. Our goal is to continually further develop what we need, in order to maintain a safe, caring and orderly environment for our students. As Principal, I meet with the members of the School Planning Council Members and discuss the school goals, and pertinent details of the school's organization, composition and initiatives being undertaken by the school.

The Mundy Road Code of Conduct is in alignment with other schools within our local community of schools that feeds into our receiving middle schools. This helps us provide a smooth transition as students move on to the next level of their education. It is also in alignment with District Policy 17 (District Code of Conduct for Students), District Policy 18 (Violence, Intimidation and possession of Weapons) and District Administrative Procedure 355 (Suspension of Students).

Mundy Road Elementary School promotes the values expressed in the BC Human Rights Code respecting the rights of all individuals in accordance with the law – prohibiting discrimination based on race, colour, ancestry, place of origin, religion, marital status, physical or mental disability, sex or sexual orientation – in respect of discriminatory publication and discrimination in accommodation, service and facility in the school environment.

# COMMUNITY NEWS

It's that time again – registration has started for all of the MediaFineArts Summer Camps! We are pleased to be running the full spectrum of camps that we've offered in the past. Judging from the interest in our spring break program, looks like it's going to be a busy summer!

- **LegoMation Classic Camp:**

Lights, camera, Lego! Our classic LegoMation is back and ready to teach you all about stop motion animation and visual storytelling with your favorite Lego sets. Want to see your Lego come to life? If so, LegoMation Classic Camp is for you!

[http://www.mediafinearts.com/legomation\\_classic.html](http://www.mediafinearts.com/legomation_classic.html)

- **LegoMation Advanced Camp:**

Last year our first LegoMation advanced camp was a real hit! Using DV cameras, powerful software, and bigger Lego sets, the advanced camp created some of the best animated short films to date! Note: participants younger than 10 years old but with previous camp experience may sign up with permission from the Camp Director. Please respond to this email for the request.

[http://www.mediafinearts.com/legomation\\_advanced.html](http://www.mediafinearts.com/legomation_advanced.html)

- **Film Bootcamp:**

This year we are proud to see the return of our Film Camp for Kids! Children will write, shoot and edit their own films in this hands-on experience in video production. Students shoot on digital video cameras and learn how to compose, direct, light, and edit on Adobe Premiere. Participants will cover both the creative and technical demands of visual storytelling.

<http://www.mediafinearts.com/filmbootcamp.html>

Take a look at one of last year's Film Bootcamp productions:

<http://www.youtube.com/watch?v=J9lbat4fAeo&feature=youtu.be>

- **Young Engineers Program:**

We are proud to offer our first robotics Lego camp. Working in small design teams, students in this robotics camp will use the Lego Mindstorms kit to create cool robots that compete in real world challenges like racing events, robot wars, obstacle course, target practice and much more. Each day will provide a new challenge and your robot will need to morph to adapt and compete!

<http://www.mediafinearts.com/youngengineers.html>

- **3D Game Design:**

This course (High School credit, grade 9 to adult) is a 'how to' course designed to teach you the fundamental philosophies of game design and apply them in a hands-on manner using a step-by-step process that develops your 'game design muscles.' The tips, tools, and techniques taught in this course exist to provide the practical resources needed for your game design muse to find its manifest expression. In addition, the information this course provides is a grounded study for any real life application where inspiration must combine with perspiration to create a marketable product of art, craft, and science (all of which apply to making games).

<http://www.mediafinearts.com/3dgame design.html>

If you have any questions, please feel free to email us. Hope to see you all this summer! Best Regards,

Mike Schoenhals MediaFineArts Camps Director [www.mediafinearts.com](http://www.mediafinearts.com)

**Baker Drive Elementary School** presents on Friday June 21st at Baker Drive Elementary School at 7pm called "Magic Behind the Mask".

*Proceeds will go to Free the Children - Brick by Brick program to build a school in Kenya.* The details of the show can be found at:

[www.CelebrateTheChild.wordpress.com](http://www.CelebrateTheChild.wordpress.com)

That's not all!

On Friday June 21st @ 9:00 pm – there will be a Magicians only lecture "The Show Doctor"

AND On Saturday June 22nd a Magician's Master Class from 11:00 am to 3:00 pm.

**Hockey Night in Canada's Play On!** is a program that operates large scale street hockey tournaments coast to coast. Each tournament is a two-day event that features divisions for both genders of all ages and skill levels. They are all inclusive events and anyone can play! With 90 HNIC's Play On! events held to date and the combined participation of over 1 million Canadians, HNIC's Play On! is now the largest sports festival in Canada, as it seeks to celebrate the game of hockey and Canadian culture in its purest form- street hockey. For more information on the program, please visit [www.playon.ca](http://www.playon.ca).

Currently, we are wanting to put up posters in elementary and secondary schools throughout the lower mainland to raise awareness of this wonderful event and would like to ask for your support in doing so We were wondering if the schools have an e-newsletter system set up so that any important information can be sent from schools to the parents.
