

ÉCOLE NESTOR ELEMENTARY SCHOOL

September 11, 2015

Dear Parents and Guardians;

We have enjoyed a wonderful week getting to know all our students and have appreciated your patience while we work to put students into classes. We worked hard to kick the year off to a good start with class and school-wide routines for our wonderful group.

We received word this afternoon that we have our staffing confirmed and we will be posting lists on Monday morning, as has been the process in the last few years. Lists will be posted on bulletin boards at the front and gym entrances at 8:15. They will be alphabetical so as to help you out if you have more than one child. Teacher names/grades/room numbers will be printed beside the names. You can match locations on the maps that are presently posted on each entrance.

We will confirm mail lists and upload the e-form buttons this week and you will receive information about this on our website, so please check it during the week. Teachers will be handing out planners with information notices during the week so please check in your child's backpack during the week. Once again, your patience during this time has been appreciated and I know the children have enjoyed their kick-off week!

Kind regards,

Mme Proulx
