

Kids Ride Transit Free October 3-7!

TravelSmart and TransLink support International Walk to School Week.

Children around the world will be walking to school October 3-7 as part of iwalk (international Walk to School Week). In recognition of this fantastic event, elementary and high school students (with a valid GoCard) are invited to ride free on all TransLink services during that time.

Why free transit rides when it's called "Walk to School Week"? It's simple – both walking and taking transit promote good health and independence, while keeping greenhouse gases to a minimum.

Plan a field trip!

Teachers are invited to take advantage of the offer to organize field trips during the week. Please plan the transit portion during "off-peak" hours – between 9:30 a.m. and 2:30 p.m. Contact the schools in your community to make sure you are not all travelling on the same day and time. Additional transit service will not be provided for this week.

To plan your field trip, find your best transit route using the Trip Planner at translink.ca
