

YOUTH ENVIRONMENTAL ADVOCACY FELLOWSHIP 2026

About the Event

The **Youth Environmental Advocacy Fellowship 2026** is a 3-week long virtual program to empower youth with the information, networks, and practical experience to make meaningful sustainable change! Fellows will create their own individual environmental projects, instructed by the HNP team, to compete in order to win a prize.

Human Nature Projects (HNP) Canada is a federally incorporated, youth-led, non-profit organization seeking to raise awareness for current environmental issues in order to prompt more sustainable development and drive environmental change in the community.

Benefits of Attending

-  Earn up to **50 volunteer Hours**
-  **Network** with professionals, like-minded peers, and other field experts
-  Learn various pertinent ideas of **water conservation and climate change**
-  Work on Hands-on environmental advocacy projects
-  Earn a **Certificate of Participation**
