REMINDER TO VOLUNTEERS

For those of you who have signed up to volunteer at our 50th Anniversary night, there is a meeting tomorrow Friday May 24 at lunch in the Drama Room.

BETTER BUS BEHAVIOUR

As Translink is increasingly busy, please keep the following in mind when you are taking public transit.

- Be mindful of where you are standing when the bus is coming to a stop. Moving away from the curb allows the driver to pull in safely.
- Remember that other students want to get on the bus. Pushing your way to the front of the line makes everything slower for everyone.
- With construction, the bus stop locations have changed. Check the signs or your app carefully to make sure that you're at the right bus stop.
- Other bus riders may not want to hear your conversation—keep the volume down.
- You might miss the bus, or it might be full. Another one will be along soon.
- If you see something unusual when you're on public transit, report it to a uniformed attendant, or text 87.77.77

We all need to work together to make a transit system that it safe for everyone!

ART

We would like to **invite** you to bring friends and family to see **this years SD43 District Art show at Coquitlam Center**. This year featuring the art of Port Moody Secondary, Gleneagle Secondary and Heritage Woods Secondary. The exhibit is up May 22 to May 27th and may be viewed for free any hour the mall is open. See it near H&M/Walmart second floor area (see map).

Great art this year - sample of Exhibit boards being set up at PMSS:

SPIRIT WEEK & SPRING FLING

Next week will be the last spirit week for the year! Last chance to see the creative minds flourish!
Here are the themes for the spirit week:
Monday - Pajama Day
Tuesday - Iconic Duo Day

CONGRATULATIONS

During Spring Break, students Ben F., Hao Lun L., Andy X., and Jahau Y. participated in the BC regionals portion of the International History Bowl Competition held at UBC. Playing against other schools in speed buzzer rounds covering history of all ages and from all parts of the world, they reached the final round. Due to their high points total they were eligible to compete at nationals in Toronto, where they battled hard against other impressive history minds. Congratulations to the PMSS History Team on a successful year of competition!

HOMEWORK HELP

With a new semester, a reminder that student tutors are here for Homework Help, Tuesdays and Thursdays from 3:10-4:00 in room 203. No need to sign up—you can just drop in!

THE TRI-CITIES ENCHANTMENT PROJECT – DRESS DONATIONS REQUEST

All students should have the opportunity to attend their grad celebration feeling confident, beautiful, and excited about their special night regardless of their family finances or circumstances. In school district 43, the Enchantment Project provides an opportunity for any student who requires financial support to find a dress. Our program accepts gently used grad gowns, and we are currently in need of dress sizes between 12-22+. If you are interested in donating to the Tri-Cities Enchantment Project, please contact the Youth Worker at your local high school, or drop off at CABE, Terry Fox or Pinetree Secondary(attention EP/Youth Worker).

A JOURNEY THROUGH TIME & WATER

People have always lived beside the sea. Marine archaeology continues from the shoreline, exploring the depths beyond – studying the material culture left behind as people ventured into the oceans. Though its archaeological challenges may differ from those of terrestrial archaeology, marine archaeology shares many practices and concerns in common: excavation, preservation, and dealing responsibly with cultural claims. In this presentation marine archaeologist, Rob Rondeau will discuss how marine and terrestrial archaeology work together to give a more complete picture of the past. He'll also talk about how his career has progressed and share some anecdotes about what it's been like along the way, both above and below the water.

Rob Rondeau is a Ph.D. Candidate at Simon Fraser University. He is the recipient of the Joseph-Armand Bombardier Canada Graduate Scholarship (Ph.D.) and was named a Fellow of the Royal Canadian Geographic Society in 2012.

MOA
NEWS

Big News: MOA Is Reopening June 13 at 5 pm!

We are thrilled to announce that, after an 18-month closure for Great Hall seismic upgrades, MOA will be reopening on Thursday, June 13 at 5 pm!

You are cordially invited to join us at the many exciting reopening events that week. To officially start things off—on Thursday, June 13, from 5 to 9 pm—please come to our [Reopening Night](#) where visitors will be welcomed by traditional Coast Salish song and dance by Tsatsu Stalqayu Coastal Wolf Pack, plus remarks from invited speakers. Free admission for all.

Then, from Friday, June 14 through Sunday, June 16, we are hosting a full, extended weekend of family-friendly fun for our [Reopening Weekend Celebrations](#). Visitors will be treated to dance and music performances, hands-on workshops, staff tours, plus food trucks and half-priced admission.

The Museum's reopening in June will mark the successful completion of cutting-edge seismic upgrades to the iconic Great Hall, plus the revitalization and reinterpretation of displays of Northwest Coast Indigenous carvings, poles, weavings and other works from the past and present. Come see MOA, reimagined.

The Museum will reopen with two new feature exhibitions, both showcasing Indigenous perspectives of historical periods too often told and represented through a colonial lens: [in Pursuit of Venus \[infected\]](#) by famed Māori artist Lisa Reihana, and [To be seen, to be heard: First Nations in Public Spaces, 1900–1965](#) curated by Karen Duffek and Dr. Marcia Crosby (Ts'msyen/Haida).

We can't wait to welcome you back to MOA!

Head of Mathematics/Mathematics Teacher
Secondary School,
Lower Mainland, BC

May 8, 2024

Dear Sir or Madam:

The Department of Mathematics, SFU, is hosting their annual Summer Math Camp this year, at two different locations: SFU Burnaby, June 24th – 28th, 2024 and SFU Surrey, June 25th & 26th, 2024. I am writing to ask whether you have an excellent student who you believe would benefit from attending the camp. All interested students are invited, but students from traditionally under-represented groups (women, aboriginal students, recent immigrants) are particularly encouraged.

The Camp is designed to provide students in grades 9 and 10, who have demonstrated a talent for mathematics, with a variety of enrichment activities in a fun and rewarding environment. However, we ask you to choose students who will not be taking their grade 10 exams during the week of their chosen camp.

If you wish to recommend a student for invitation, please fill in the nomination form on our website (below), no later than Friday, May 24th, 2024. If you have any difficulties with the online form, a pdf nomination form is also posted there.

Math Camp website:

<https://www.sfu.ca/math/events-news/outreach/sfu-k-12-student-math-camp.html>

Burnaby Camp – Details & Nominations

<https://www.sfu.ca/math/events-news/outreach/sfu-k-12-student-math-camp/burnaby-camp.html>

Surrey Camp – Details & Nominations

<https://www.sfu.ca/math/events-news/outreach/sfu-k-12-student-math-camp/surrey-camp.html>

The schedule of camp activities, and additional information, will be posted there closer to the start of the camp.

Since space is limited, it may not be possible to invite all of those students who are nominated. Camp participants will be selected from those nominated, and the successful applicants will be informed **through their teachers or the contact information given on the nomination form**. Further information about the registration process and the payment method will be provided at that time.

Support from Simon Fraser University, the Canadian Mathematical Society (CMS) and the Pacific Institute for the Mathematical Sciences (PIMS) will enable us to cover some of the food, events and other costs. However, a registration fee (\$100.00 for Burnaby camp, \$30.00 for Surrey camp) will be necessary to offset some of the expense. Some schools choose to cover the registration fees for nominated students, check with your school about this possibility. Additionally, please let us know if you have a keen, bright student who may require financial support to attend the camp, we can work with the school to alleviate the financial barrier.

In previous years similar camps were organized at many Canadian universities, including Simon Fraser. The students who attended expressed great satisfaction with the experience. We believe that this year's camps will be equally rewarding for those who attend. For more information, see <http://www.cms.math.ca/MathCamps/>.

If you have any questions or need further details, please contact the camp organizers:

Burnaby Camp:	Dr. Jamie Mulholland < j_mulholland@sfu.ca >
Surrey Camp:	Dr. Natalia Kouzniak < kouzniak@sfu.ca >

Yours sincerely,

Dr. Cedric Chauve
Chair, Department of Mathematics
