REMINDERS WHEN USING THE BUS

As Translink is back to regular levels of service, please keep the following in mind when you are taking public transit:

- Be mindful of where you are standing when the bus is coming to a stop. Moving away from the curb allows the driver to pull in safely.
- Remember that other students want to get on the bus. Pushing your way to the front of the line makes everything slower for everyone.
- With construction, the bus stop locations have changed. Check the signs or your app carefully to make sure that you're at the right bus stop.
- Other bus riders may not want to hear your conversation—keep the volume down.
- You might miss the bus, or it might be full. Another one will be along soon.
- If you see something unusual when you're on public transit, report it to a uniformed attendant, or text 87.77.77

We all need to work together to make a transit system that is safe for everyone!

Protect children from respiratory illnesses this winter

Respiratory illnesses tend to increase as we spend more time indoors. Common colds, the flu and COVID-19 spread through tiny droplets as people who are sick breathe, talk, cough or sneeze. When other people touch these droplets and then their eyes, mouth or nose before washing their hands they may become sick.

There are a handful of steps both children and adults can take to protect themselves and limit the spread of respiratory illnesses:

- Wash your hands often with soap and water. Use alcohol-based sanitizer if soap and water is not available.
- Avoid touching your face, especially your eyes, mouth and nose.
- Cough and sneeze into your elbow.
- If you have symptoms, stay home and stay away from people at higher risk of serious illness.

Flu and COVID-19 vaccinations

The best way to protect others and reduce the risk of getting sick with the flu and COVID-19 is to [get immunized](#). The flu and COVID-19 vaccines are safe, effective, and available for free to anyone aged six months and older.

It is much safer to get the vaccines than to get the illnesses. Register your children with the Get Vaccinated system so that you can be invited to book their vaccinations when they are due.
