6. New Business/Questions/Discussion:

- Are cell phones mandatory for classes?
 - PMSS is not a BYOD school, however more and more teachers are embracing technology in their teaching
 - Principal Clarke encourages parents to address any concerns with teachers directly
 - Social media (Instagram) use has ceased for clubs and will only be used for broader school communication. Other forms of communication are PM Times (digital and paper copies available) and My School Day app.
- Students were going off school property for the Terry Fox but walking field trip permission forms have not been signed
 - At the secondary school level may not be necessary but Principal Clarke will look into this
- During the power outage at the beginning of the school year, there were no safety lights in the basement. Why?
 - Some areas of the school did not have safety lights. Staff brought the students to areas where there were lights and blocked off the area with no lights so no one could enter.
 - Work order has already been submitted to fix this
- Can PMSS address transit safety to the student community? How can the school support?
 - A joint solution between the school and transit security is needed. Responsibility cannot solely be on the school.
 - VP Nembhard has and will continue dialogue with the transit security supervisor.
 - School can send out transit security/safety material out to community and bring awareness in school as well.

7. Adjournment – 8:40pm Next meeting November 7, 2023 - 7pm - Library
