# Principal's Report – February 2026

## GENERAL HIGHLIGHTS – WHAT WAS AND WHAT'S COMING UP.

With Semester coming to an end, Semester 2 brings with it the same start-up highlights like the start of a school year. What about things happening outside of our classrooms.

- Our IB Intake was a huge success as we welcomed over 300 students to write the IB assessment.
- Winter Sports are wrapping up with our wrestling and our ski and snowboard programs look to qualify for Provincials. Spring sports like rugby are gearing up as our student-athletes begin their pre-season training.
- Our Robotics Competition took place on Saturday, January 31<sup>st</sup> with stellar performances by several Port Moody students.
- Our Arts Assembly performances were first class – showing off the abundance of teacher and student talents in the area of the arts.
- Cell phone usage and student response has been positive considering the more robust Cell Phone Policy.
- Parent Information Evenings for course programming start the week of February 2<sup>nd</sup>.
- Jazz Cabaret and Winter Formal Dance coming in February. Showcasing our incredible performing arts department, as well as highlighting the work of our Grad Committee to support our Grade 12 Grad events.
- GradsBC Grad photos. Starting next week.

## STAFF DEVELOPMENT

- BYOD. Our Digital Citizenship Committee begins meeting next week.
- Many of our IB Science teachers attending workshops last week and weekend, with a focus on curriculum design and implementation.

## OPERATIONAL

- Cell Phone Policy Classroom Visits. Classrooms were visited by our admin team with a number of quality questions. The main message that was reinforced was the cell phone policy is to support student learning by reducing the level of distractibility that comes from cell phone use in the classroom.
- Course Planning for incoming Grade 8s in February.

## CALENDAR

Yours in education,
