

We Learn. We Build. We Play.

Make Learning FUN with LEGO® Bricks!!

Bricks 4 Kidz LEGO® Robotics

After School S.T.E.M. Classes

R.C. MacDonald Elementary, Library

K - G5, 3-4PM, Thursdays, Sept.26th - Nov.14th 2019

Our 1 hour weekly classes explore Engineering and Architecture using specialized LEGO® Technic pieces to build motorized models!

LEGO® Robotics – Force of Nature

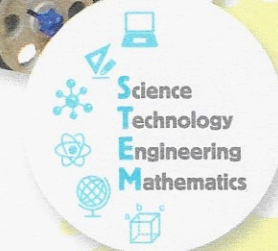

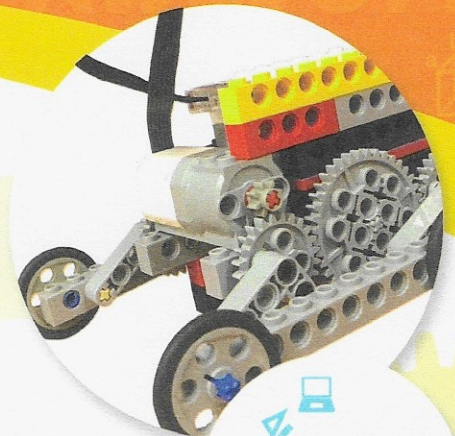

Fasten your seatbelts! We're in for some wild weather! This unit is all about the amazing powerful forces of nature with models that simulate the motion of a particular weather event. Students will explore when, where, how and why of all kinds of natural phenomenon by building motorized models of a tornado, a tsunami, an earthquake, a cyclone, etc.

Cost: \$118 including GST
