Seaview's Annual Spring Fling Pancake Breakfast

Thursday, May 19th at 8:00am

Please bring labelled dishes and cutlery from home along with a water bottle ☺

We're looking forward to our annual community pancake breakfast next week. Our pancake breakfast is a very special Seaview tradition and we are excited to see our community come together that morning. Once again, we are asking that students and families bring plates and cutlery from home as we continue to work on taking care of the environment and modeling good choices for our students. Please remember to label your plates with your child's name and division.

Everyone is welcome. See you there!

BC Ministry of Education Satisfaction Surveys

Annually the BC Ministry of Education offers to students (Grade 4 at the elementary level) teachers and parents an opportunity to complete and submit a survey to gather feedback about aspects of their local school.

Grade 4 students are given the option to complete the survey at school. Parents who are interested in providing feedback to the Ministry can pick up a code at the office or have their son/daughter do so and deliver it home.

The survey closes on **May 15th** and can be accessed by entering the code at:

http://www.bced.gov.bc.ca/sat_survey/access.htm

If you have any questions about the survey or need access to a computer in order to complete it, please do not hesitate to be in touch with us and we can make any necessary arrangement

Dear Parents, Guardians and Caregivers

Our District is interested in your views on school-based afterschool programs that allow children to stream directly from school into programs afterschool at their school or that you take them to at neighboring schools. These school-based afterschool programs are set up by a variety of means like Community Schools, Aboriginal Education, Healthy Living initiatives and by school Administration and Community Partners.

We need to hear from those of you who do have your children participate in the programs to understand why you use them and also your impression of them. We also need to hear from those of you who do not use the programs in order to assess how to make them more accessible.

Please take the time to help us by filling out the Parent School-based Survey from YOUR perspective. Please also help your child to fill out from THEIR perspective why they feel they attend or do not attend the School -Based after school programs at their school.

We welcome all feedback positive or negative in order to assess what we are getting right and to target areas that we need to improve.

Thank you in advance for your help and participation
