## How to view map details

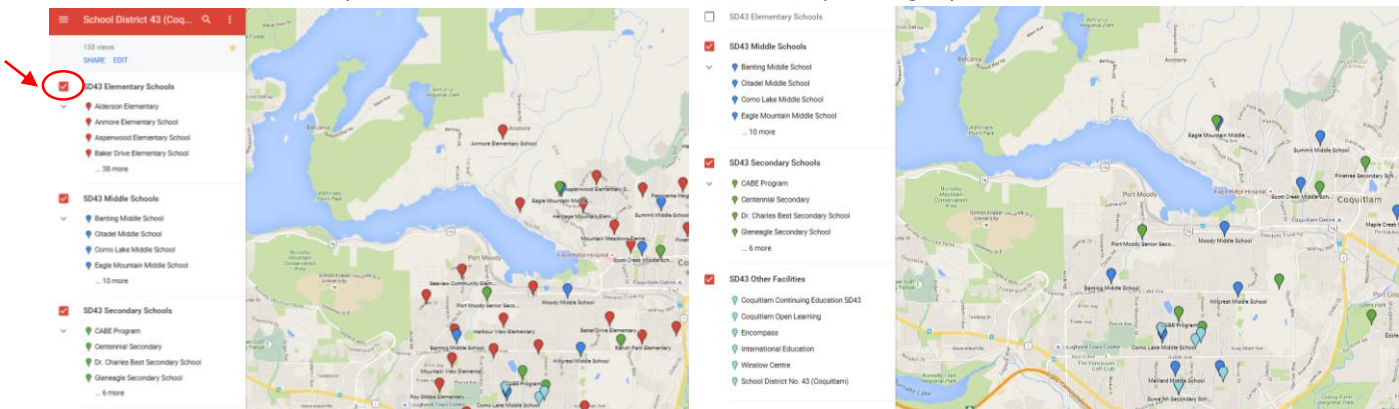

To view map details, click either of the expand symbols on top right or left-hand corner of the map.

## How to select map layers

The map is made of four layers: elementary schools (red pins), middle schools (dark blue pins), secondary schools (green pins), and other facilities (light blue pins).

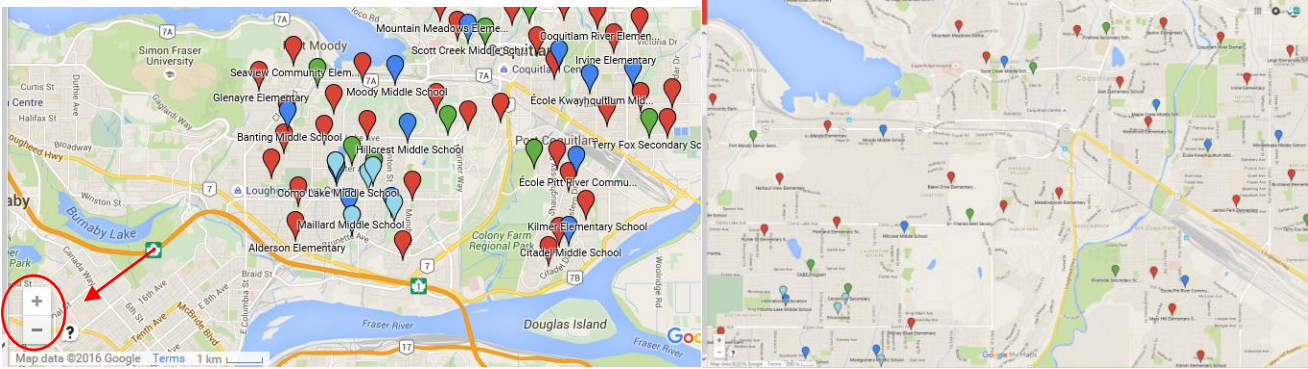

To select or unselect a layer, click the check mark with the corresponding layer on the left-hand menu.

## How to zoom in and out of map

To zoom in or out click the plus or minus symbols at the bottom of the map.

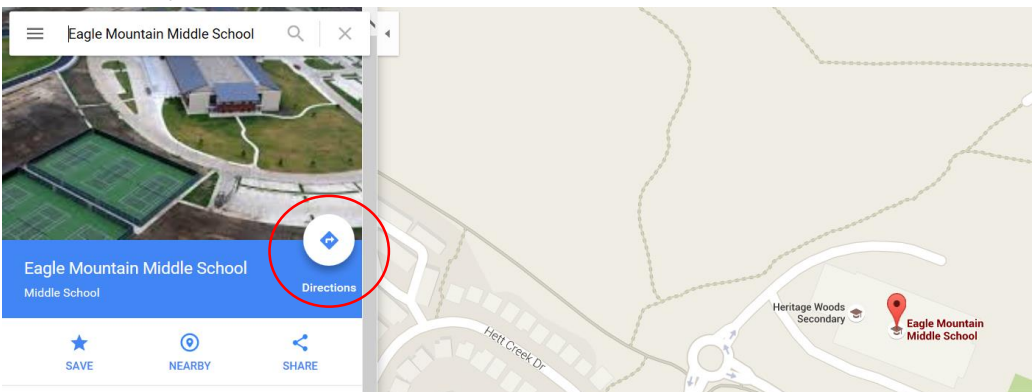

## How to view a location in Google Maps

To view a school or facilities site on Google Maps with the option to get directions either click on the pin directly on the map or the name in the legend. Click “View in Google Maps.”

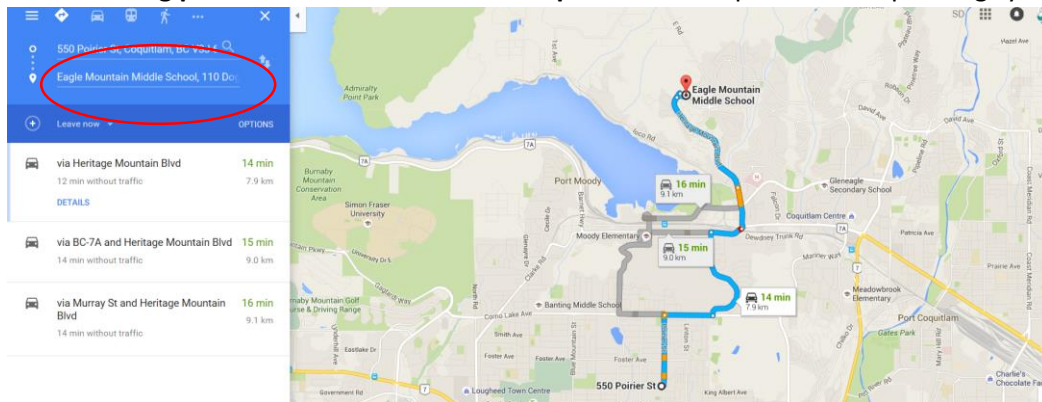

## How to get directions

For directions, click “directions”

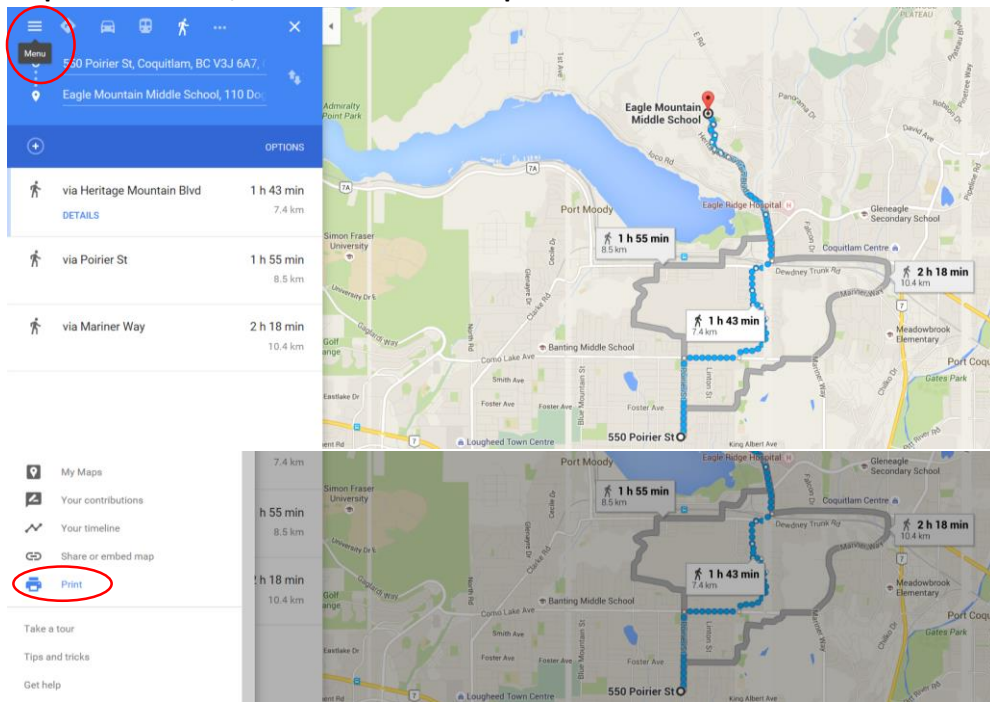

# SD43 Google Map Instructions

Enter starting point. Select the mode of transportation at top with corresponding symbol “driving” “transit” “walking”

To print directions, select the menu at top left-hand corner

## How to print or save map

If you have a Google Account, you can print or save the map as a PDF. Click on the three dots at the top of the left-hand menu.
