April 14, 2014.

Dear Aspenwood Families,

We have started our week with an adventure! A hot water tank failed on the second floor of the school. Our morning caretaker informed the district and a flood restoration company was on site before we knew it. Several classes had to be relocated for part of the day. The flood affected some classes, the west staircase, the main foyer, the music room and the gym. A lot of cleanup was accomplished in a short period of time.

Students and staff were absolutely fabulous, working around the restoration crews and making changes in their scheduled plans to accommodate the unexpected. Thanks to all the parents who offered to stay and help out if we need them.

### **Information for students**

- **Choir is cancelled for Tuesday morning.**
- **Como Lake relay practice will continue tomorrow at 8:00 am as planned. Participants will assemble on the west side of the gym in the undercover area.**
- **Track & Field practices will be cancelled until next week.**

### **Information for Parents & Families**

- **Classes will continue as the restoration work continues over the week.**
- **Students should dress for the weather as teachers are planning to be outside for part of the day.**
- **The drive thru will be closed until further notice to accommodate the restoration workers vehicles and equipment.**

Thank you for your patience and understanding as we work through the process of restoration at the school.
