Dear Parents,

Our school photographers no longer provide complimentary yearbooks as part of our photo package for the school. Instead, each child will receive a class photo. Lifetouch is still willing to create a yearbook for us but at a cost. The cost of the yearbook will depend on the number of students who purchase it. The more copies that are made the less each copy will cost. We are anticipating that the yearbook will cost between \$15 to \$18 dollars per student. Please participate in the survey before Friday, February 26th.

[Yearbook Survey](#)

Thanks,

Laurie Birnie, Principal
