Beware of the top 4 Scholarship Search Mistakes

- 1. Starting too late.** Unfortunately students are not aware of some opportunities until the deadlines have passed. Do research now!
- 2. Thinking there will be opportunities later.** Grade 12 students have the most scholarship opportunities with the least competition!
- 3. Not being organized.** To be successful means planning ahead, observing deadlines and having required supporting documentation. This takes time & effort.
- 4. Assuming you are not eligible.** Read the criteria. Not all awards are based on GPA or financial need. Explore opportunities. Ensure you meet all criteria.
