TODAY IS DAY 2

****Please note: All new and changed items are in red****

GENERAL ANNOUNCEMENTS

AVAILABLE NOW - LEARNING UPDATES (FORMERLY KNOWN AS “IN-TERM REPORTS”)

Parents, October Learning Updates are a snapshot of how your child is progressing in each of their courses. This early in the term, many classes do not have enough evidence of learning to what level of proficiency or grade your child has, but instead, the report describes whether or not they are engaged, participating, applying appropriate effort and skill i.e., are they doing what they should be doing to be successful in the course. Teachers will also indicate at the bottom of the Learning Update if they suggest a Parent-Teacher meeting on Oct 18th.

Watch for more information about Parent-Teacher Interviews and a link to sign up for appointments in the Oct 13th newsletter.

The Ministry of Education’s new Reporting Order allows for flexibility in how you receive these Learning Updates from each of your child’s teachers; please ask your child how the report was created in each class:

- Class Teams site – your child will need to provide access to the MS Team for each of their classes.
 - Class OneNote
 - Paper hard copy
- Photo of Learning Update done in class
