

## New Bell Schedule For Next Year

Recent legislation changes provide an increase in weekly prep time to teachers from 100 minutes to 110 minutes. This change requires us to adjust our daily block schedule to account for a 55 minute block schedule instead of a 50 minute block schedule. As a result, we will have slight adjustments to our start time, end time, lunch and recess times. Please see the changes below:

<b>Event</b>	<b>Old Time</b>	<b>New Time</b>
