$$S_3 = \{z \in \mathbb{C} : \operatorname{Re} z > 0\}.$$

माना कि $S = S_1 \cap S_2 \cap S_3$, जहाँ

Upcoming Spring BCom Information Sessions at the UBC Sauder School of Business.

These small gatherings provide a casual setting for prospective students in grades 8-12 to visit the UBC Vancouver campus, learn more about the BCom curriculum, tour UBC Sauder's teaching facilities, and hear from our incredible faculty. We encourage students to take advantage of this opportunity to explore their career possibilities in business.

The University of British Columbia is hosting [Archimedes Talks](#), a speaker series aimed at talented high school students in the Lower Mainland interested in mathematics and engineering. The goal is to provide promising students with an opportunity to explore different aspects of math and applied science in an engaging on-campus environment.

Registration includes three sessions (**January 19, February 9, March 2**) and every session includes two expert speakers, a tour of an interesting location on campus, and lunch. The full schedule and session information is available [online](#). Cost is \$15.00

How to register:

Interested students need to be nominated by a teacher to participate. If you are a student who would like to attend, or a teacher who would like to nominate a student, complete this form:

Are you still working on your Waterloo AIF? Wondering what to say? What about Rotman supplemental? Or are you in grade 11 and thinking about where you will apply next year?

- **In addition to providing students with an efficient way to find scholarships that they are eligible for, Scholar Tree wanted to give prospective students some valuable insight from students who have walked their path before. Thus, the [ScholarTree Blog](https://scholartree.ca/blog?utm_source=email&utm_medium=email&utm_campaign=school_outreach_0918) https://scholartree.ca/blog?utm_source=email&utm_medium=email&utm_campaign=school_outreach_0918**
- **The holiday break is the prime time when students decide which University/College they want to attend next year. That is why recently our blog has featured first-hand accounts from students of how they got accepted into some of the more selective programs like:**
 - **How to get into Western Ivey and Rotman Commerce**
 - **How to get into Waterloo Engineering**
 - **How to get into McMaster Health Sciences**
- **The link for this blog is also posted on the career centre webpage under post-secondary.**
