### Health & Safety Information:

- Parents and caregivers must assess their child daily for symptoms of common cold, influenza, COVID-19, or other infectious respiratory disease before sending them to school.
- Children who show any signs of illness should stay at home and parents must notify the school. All students and staff who have symptoms of COVID-19, OR travelled outside Canada in the last 14 days, or were identified as a close contact of a confirmed case or outbreak must stay home and self-isolate.
- If you are unsure if your child should self-isolate use the [BC COVID-19 Self Assessment Tool](#), contact 8-1-1, or the local public health unit to seek further advice. Families can also contact a family physician or nurse practitioner to be assessed for COVID-19 and other infectious respiratory diseases.
- If you indicated that your child would return to school, but they are ill on their scheduled day, please let the school know about the absence.

If you have decided to not have your child attend at this time, but during the month of June you change your mind, please contact the school Monday to Friday and allow us 24 hours before your child wants to attend.

The BC Center for Disease Control, the Ministry of Health and the Ministry of Education provided guidance for these and other measures. We appreciate your cooperation and understanding, and please reach out to us with your child's attendance status if necessary.

Thanks for your understanding and support,
