CAREER CENTER

On Wednesday, January 20th and Thursday, January 21st between 4:00 and 7:00 PM (PST), 48 post-secondaries from across Canada will be available to BC high school students to answer questions and provide information. These sessions are Q&A style - presentations will not be offered. Students are encouraged to drop in and ask questions to representatives from institutions.

In order to access the event, students must register at cuebc.org. Students who registered for CUE in Fall 2020 can continue to use the same login information to access CUE in winter through cuebc.org.

WOMEN IN SCIENCE

Join us virtually as we celebrate International Day of Women and Girls in Science on **Thursday, February 11, 2021**. Become part of the conversation by following [#WomenInScience](#) on Instagram!

- In 2015, [UNESCO](#) and [UN Women](#) established an annual day to honour the important role women and girls play in science and technology. Together they are making a [global call](#) to “*smash stereotypes, defy gender biases and defeat discrimination that hold women and girls back in STEM fields.*”
- At BC Children’s Hospital Research Institute, we are proud to support our inspiring female leaders who are making groundbreaking discoveries and innovations in research. At this unique evening event, we will be showcasing the important contributions of six of these women.

Curriculum

- 7:00–8:00 pm: Celebrating Success — Hear from six women who are paving the way for research in health sciences.
- 8:00–9:00 pm: Unlimited Potential Panel — Learn more about our presenters including what inspired them to pursue a career in science and what stereotypes or other gender-based barriers they faced. *This will be an open conversation so be prepared to ask questions!*

Interested in Participating?

- Women in Science will be held on a virtual learning platform. Participation is free, but participants will require access to a computer, tablet or smartphone and a stable internet connection.

Registration is open to high school students, university students and members of the general public. The curriculum and discussion will be targeted for a grade 10–12 education level.

Registration will be accepted on a first-come, first-serve basis. Space is limited to 200 participants.

Applications open Monday January 18 at 4 pm

<https://www.bcchr.ca/events/public-events/women-science>

CPABC (Chartered Professional Accountants) Information Sessions & Events

CPABC (CHARTERED PROFESSIONAL ACCOUNTANTS BC) IS ACTIVELY CREATING OPPORTUNITIES FOR LEARNING AND CONNECTIONS AMONG BC EMPLOYERS, CPAS AND ASPIRING CPAS AT RECRUITMENT AND CAREER DEVELOPMENT EVENTS. Saturday February 20th, 2021

Held virtually via Zoom

Registration is very limited and a school limit may apply. Register at:
www.greenbricks.ca/conference-registration

THANK YOU to:

XdHacks

XdHacks Mini is a global high-school Hackathon organization dedicated toward hosting high-school Hackathons to inspire more youth to be engaged with the field of STEAM. Our events are where individuals come together and use technology to transform their ideas into reality in an attempt to create a feasible solution towards solving a relevant, real-world problem.

XdHacks Mini Vancouver is Vancouver's first and largest highschool hackathon nonprofit dedicated to teaching students the importance of interdisciplinary learning in the modern technology industry. Our unique focus is on helping students develop an interdisciplinary mindset, which is becoming increasingly important in the workplace. We organize highschool hackathons annually, connecting hundreds of students worldwide who are passionate about a career in technology. At our events, we offer workshops ranging from Design Thinking, to Resume Building, while helping students create a network within our community.

The third iteration of XdHacks Mini Van will be SecureHacks, with the theme of substantiating personal security online.

The dates of the hackathon are from February 20-21, and it will be taking place virtually with no cost.

Registration is open at: <https://mini.xdhacks.com/vancouver/#about>

Are you considering Software Engineering? Do you know about the program at TRU? We have an exciting 2 minute video for Grade 11 and Grade 12 students presented by one of our current final year students in the BEng in Software Engineering Program at TRU! Lorelei highlights her discovery of Software Engineering, her successful COOP experience, the NEW PHYSICS 11 requirements and the benefits of the program at TRU. Combined, all these experiences have helped shaped her engineering career so she can make today's world a better tomorrow!

- Our Youtube Channel
- Outstanding student awards: Maria and Cam
- Indigenous Peoples in Trades info session

STUDENT SPOTLIGHT

COURTNEY - CENTENNIAL SECONDARY

SD43 Electricians Program and Level 1 Apprentice with Houle Electric

Courtney is a student in the Level 1 Construction Electricians Program At Charles Best Secondary. Before taking the program she was unsure if I was going to enjoy it and was unsure if she wanted to actually pursue Electrical as a career path. What pushed Courtney to give the program a try was her family. Ironically, Courtney's dad, mom and brother all became Electricians. ***One could say that becoming an Electrician "was in her DNA".*** Being a girl made Courtney a little unsure and hesitant about registering for the program. She was unsure if she would be comfortable, welcomed and able to do the job."

Hey Grade 11 and 12s – are you interested in being part of a pilot project involving business skills and film?

- We are looking for business-minded students (those who might be tracking for business school after graduation preferred) to be part of an innovative SFU Beedie project involving budgeting, marketing and management skills.
- The *Lights, Camera, Action! Innovation Simulation* is an online educational simulation that enables participants to experience the exciting challenges of a multidisciplinary innovation process in a consequence-free learning environment.
- During *Lights, Camera, Action!*, teams of 6-7 students work together as independent film studios to create a 2-minute trailer for release at the end-of-simulation Toronto International Film Festival (TIFF) Showcase. Participants take on a variety of **managerial and creative roles** to **identify and analyze market needs**; identify and cast appropriate star talent; select filming locations; **manage a budget and financial forecasts**; and **create a compelling movie trailer** for viewing at the end of simulation TIFF Showcase.

If you think this sounds like your skill set, please see Mr. Sather ASAP. He will be collecting names to form teams of 7. Expected date for this ALL DAY event is March 6 or 7. Need more information? See Ms. Butler in the career centre.

Business Case Study and Pitch Competitions

- There are several business case study contests in the near future.
- Improve your knowledge, skills and network
- Set yourself apart from other business school applicants
- Ideal for grade 10s and 11s who will be applying for post-secondary Business studies
- You don't have to be a current business student to participate.
- **See Mr. Sather in 301 for details**

SFU

IN 2020, TECHNOLOGY HAS BEEN ARGUABLY MORE IMPORTANT THAN EVER, AND WE ARE LOOKING TO INTRODUCE THE FIELD OF APPLIED SCIENCES TO NEW INDIVIDUALS.

Live Life.
Pass It On.
\$1000
Scholarship
BC Transplant

Wednesday, April 7, 2021

What is
Green Shirt
Day?

This year, BC Transplant will award two \$1000 scholarships to Grade 12 students who lead an organ donation awareness project in their school or community in the 20/21 school year.

You could organize your whole school to participate in Green Shirt Day on April 7, start a social media challenge or host an organ donor registration drive in your school.

You'll need to submit a 500-word essay or short video to showcase your project.

Deadline to apply is May 3, 2021.
For more details, visit www.transplant.bc.ca

WHAT CAN YOU DO?

Show up In Green!

Get your friends, school and family to participate on April 7 by wearing a green shirt or a jersey to honour Logan's legacy of selfless giving.

Talk to your teachers, principal or headmaster about getting your school involved. Contact us to let us know who you are, which school you attend, and what you will be doing to show your support for Green Shirt Day!

Join the Social Movement

Share your photos of support for organ donation and transplantation in BC by tagging us on your social media:

- @BCTransplant
- @BC_Transplant
- @bc_transplant

Start a Challenge

Organize a social media campaign or registration drive at your school.

- If 25 students get 25 people to register as an organ donor – ask your principal or teacher to dye their hair green!
- If 50 students get 50 people to register as an organ donor – ask your principal or teacher to wear green man suits and do a dance at the assembly!

Fun Ideas (be creative!)

- Students and teachers wear green socks/green temporary tattoos/green headband
- Ask a transplant recipient to give a virtual speech
- People can also take home a registration form or have conversations about organ donation

One donor
can save up to
eight lives.

#TAKETWOMINUTES

WEDNESDAY APRIL 7, 2021

WHAT IS
GREEN
SHIRT
DAY?

**GET STARTED NOW
BY TALKING TO YOUR
TEACHER, VISITING
OUR WEBSITE OR
CONTACTING US FOR
A CAMPAIGN KIT!**

Educator toolkits are also available at transplant.bc.ca

Logan Boulet, a 21-year old hockey player, did not survive the tragic Humboldt Broncos bus crash that killed 16 people in 2018. Logan registered as an organ donor just weeks before the accident and had spoken to his father about his wishes a year before. Logan was able to save six people's lives through his organ donation.

#LOGAN
BOULET
EFFECT

As news spread of Logan's selfless act, thousands across the country and world were inspired to register as organ donors. This became known as the "Logan Boulet Effect". To mark the day Logan Boulet became an organ donor, the Boulet family launched Green Shirt Day on April 7 of every year.

Summer STEM Institute

Making research and mentorship accessible to high school students.

The Summer STEM Institute (SSI) is a 6-week virtual summer program from **June 20 to August 1, 2021**. SSI is an international program that provides academically talented and highly motivated students the opportunity to learn through a data science and research bootcamp, a Masterclass lecture series, weekend challenges, and a mentored research project.

- **Bootcamp:** learn how to design and conduct a data science research project.
- Pursuing research in high school is difficult. Many students are scientifically curious and are eager to conduct research but often lack the right training to do so. The SSI Bootcamp empowers motivated high school students with the training to conduct data science research projects.
- The Summer STEM Institute (SSI) program was started last summer by educators, students, and graduates from Stanford, Harvard, and MIT. Last year, SSI received over 2,450 applications from students in 78 different countries.

Many students who attended the program said SSI changed their lives and asked for the team to continue running SSI in future years. Applications for SSI 2021 have just opened.

The program consists of three main parts:

- **Research and data science bootcamp:** Students learn how to design and conduct data science research projects. Students learn about the research process and how to apply statistical and machine learning methods to address scientific questions with real-world impact.
- **Masterclass lecture series:** Students are connected to accomplished young adults around the world. Students have the opportunity to learn about entrepreneurship from Forbes 30 Under 30 recipients, science research from International Science and Engineering Fair (ISEF) grand prize winners, and other topics from speakers with diverse backgrounds and experiences.
- **Mentored research project:** Students complete a research project through a rigorous, hands-on learning experience under the guidance of mentors. Previously, students have worked in a variety of fields, from computational biology to quantum physics.

Students and families can learn more about SSI and apply on our website here: <https://www.summersteminstitute.org/> and here:

<https://www.summersteminstitute.org/admissions>

REPEAT NOTICES

Calling all high school students!

Volunteer Opportunity!

Are you looking for a meaningful way to engage your students with an impactful COVID-safe volunteer opportunity? Do you have 5-minutes to narrate a digital storybook that will support over 50,000 learners around the world, including 37,000 learners in underserved and refugee communities?

Hello! My name is Emily and I work with Simbi Foundation, a UN-partnered nonprofit that collaborates with schools around the world to meet their education needs with solar-powered & research-driven solutions. So far, we have directly supported over 37,000 learners in refugee settlements and remote areas of Uganda and India with our BrightBox solar-powered classrooms, learning resources, and Simbi reading software and we need your help!

We would like to invite you to participate in our #GiftYourVoice Read-a-Thon. Can we join together to read 1,000 books during the month of December to support over 50,000 learners in 64 countries on their reading journeys?

All participating students will receive a signed volunteer certificate for their time spent reading! Click the magic link to join the group here:
<https://read.simbi.io/TjYzaWlxc1hqbA-->

You can find all the resources you need [right here](#) on our website, including a starter video that runs you through how to “gift” your voice to make an impact!

We have English and French books that need narrations.

VOLUNTEER OPPORTUNITY

Looking for Snow Angels

- The Snow Angels program is actively recruiting volunteers for the winter season. We are looking for volunteers to assist individuals in our community who are unable to clear snow from the city sidewalks due to physical disabilities or restrictions. This is an on call position for volunteers until March 31; weather dependent.

To Be a Snow Angel you must:

- Be 16 years of age or older;
- Live within close proximity of the participants houses; you can sign up for addresses that are close to you from the volunteer database;
- Clear snow from your matched city sidewalk(s) within 10 hours of the cessation (stop) of any snowfall that caused any accumulation of snow or ice on any city sidewalk
- Complete the snow shoveling before 7:30 pm (not to shovel in the dark)
- Be in adequate physical condition and capable of clearing snow
- Shovel, safety vest, toque and scarf are provided! (if needed)

Commitment: 1-2 homes per individual for the winter season; which is typically from mid-November to the end of March.

- If you would like to volunteer, please signup using this link <http://btrr.im/xd7fg> and sign up for an volunteer account. You will need to complete a Police Information Check and once this is complete you can sign up as per below:
- • Opportunities Tab – click on filter by organization
- • Organization – City of Coquitlam – Special Events/Projects, Park Programs, Snow Angels, Volunteer Training
- • Category - Snow Angels Sign-up (let us know that you are interested)
- Snow Angels Orientation Manual is will be sent upon approval, and please watch the [Proper Snow Shoveling Techniques video](#). Then you can you can sign up for addresses that are close to you from the volunteer database;
- Organization - Snow Angels – Sidewalk Snow Removal
- Sign up for any of the addresses that are listed (more are added daily/weekly)
- Once you confirm assignment, Community Services staff will email you the exact address for you are to shovel in the event of a snow fall.
- Keep track of/log dates and hours volunteered through www.myvolunteepage.com
- For more details or assistance, call the Volunteer Services at 604-927-6922 or email volunteers@coquitlam.ca.

Sasamat Outdoor Centre Youth Leadership Program

January – April for High School Students

Sasamat Outdoor Centre Youth Leadership Program

January – April for High School Students

With over 30 years of community leadership programming, Sasamat outdoor centre has a fun and engaging curriculum.

- 4 month long program includes:
- Weekly 2 hour (online) lessons
 - Experienced leadership staff and facilitators
 - Hands on learning and weekend events
 - Leadership Certification

- Covid safety and risk management
- Rigorous cleaning routine and risk management practices
 - We follow the most up to date guidelines provided by health officials
 - We have seen success with our safety practices throughout our summer and weekend day camp programs.

Weekend events hosted at Sasamat Outdoor Centre!

- Weekend events hosted on 6 acres of outdoor space
- Overnights include individual rooms and cabins (with options for up to two people upon request)
- Weekend outdoor day trips like snow shoeing, hiking, and canoeing!

Registration is now open!

For details or to register check out www.Sasamat.org or give us a call at 604 939 2268

Science Connecting Youth

Interested in science and medicine but still not sure which specialty to pursue?

We feature undergraduate/graduate students and working professionals on our platform where you can ask questions about their experiences in science and medicine!

Check out [@scyvancouver](#) on Instagram or [our website](#) to learn more about what opportunities are out there for you!
