#IndigenousHistoryMonth

Born Geswanouth Slahoot, Dan George was raised on the Burrard reserve in North Vancouver. He received his English name, Dan George, at St. Paul's residential school, where he was sent when he was five years old. Before he started acting at the age of 60, George had worked as longshoreman, construction worker, school-bus driver, logger and itinerant musician. He was also chief of the Tsleil-Waututh Nation (Coast Salish people) from 1951 to 1963. Chief Dan George is remembered as a talented actor and Indigenous spokesperson.

Secondary Academic Completion (formerly known as "Remedial") July 13 to 30, 8:30-11:30AM or 12:00-3:00PM Daily

Locations: Gleneagle

Courses: Grades 9 & 10 English, Math, Science & Social studies.

These courses provide a path for students who achieved 40-49% in a course (during this 2020-2021 school year) to attain a passing grade. Students will be able to upgrade their mark to 50% (C-).

These courses will follow a hybrid format: Students will attend in-person for a Face-to-Face class once a week (either Thursday or Friday; you will be notified before the course starts as to which day you are to attend) and will attend online scheduled classes the other days.

Registration for Remedial courses is by referral only, see website or your high school counsellor for details. Referrals will be accepted until June 25. The referral form will collect some brief information from your teacher so we can customize your course to what you need to complete.

Morning classes: 8:30 – 11:30 am	Afternoon classes: 12:00 – 3:00 pm

YELL Entrepreneurship 12, October 2021 to May 2022: This is a fantastic blended/online COL offering. Coquitlam students have won the YELL finals 2 out of the last 3 years. This course provides students with an opportunity to compete in a Dragon's Den style competition, pitching student created business ideas to business leaders in the Lower Mainland. Students work with community mentors, who are successful entrepreneurs themselves, to develop their ideas and pitches. Many students call this one of the best courses they took in high school, and there is a growing network of YELL grads that continue to support each other even after high school graduation.

mini.xdhacks.com/vancouver/

XdHacks Hackathon Association

XdHacks Mini Vancouver is Vancouver's first and largest highschool hackathon nonprofit organization dedicated to expanding the reach of STEM in BC. Our unique focus is on helping students develop an interdisciplinary mindset, which is becoming increasingly important in the workplace. We organize highschool hackathons annually, connecting hundreds of students worldwide who are passionate about a career in technology, or simply in technology itself. At our events, we offer workshops ranging from Design Thinking, to Coding languages, while helping students create a network within our community.

The fourth iteration of XdHacks Mini Vancouver will be Climate Code 2021, with the theme of Environmental Issues. Our hackathon will run from August 6th to 8th and will be taking place virtually with no cost for attendees. Participants will be eligible to win prizes, interact with guest speakers, learn fundamental STEM principles, and partake in fun activities. No experience is necessary.

Participants can register for our event through our [Eventbrite page](#).

Researchathon is a Harvard-affiliated venture to platform greater online engagement with policy and science.

What: A research-based 48-hour competition

Who: Hundreds of high school and university students

When: July 2-4, 2021

Where: The Intercollegiate Server on Discord

Why: To explore global and local ways of developing more sustainable, accessible, and equitable infrastructure or software.

Students in teams of 1-4 will explore innovative ideas by delving into recent scientific literature and conferring with mentors. Activists, professors, ministers, healthcare professionals, and entrepreneurs will act as judges evaluating the proposals based on feasibility, practicality, rigour, and whether the claims are substantiated. The event culminates with teams submitting their 3-page draft to stakeholders in relevant industries.

Our tracks include:

Environment, Technology, Healthcare, Racial and sociocultural

English Learning Buddy Program Student Volunteers

Our mission: Girls educating girls

Are you interested in volunteering to tutor girls from low-income families in India to improve their spoken English abilities?

How it Works:

Canadian students are signed up to be an English Learning Buddy. Buddies and Indian students connect weekly over Zoom for 10 weeks. Buddies provide constructive feedback on pronunciation while students read from an English children's book.

Meeting Schedule:

Every Saturday at 9:00 pm PST, starting June 26th 2021.

An enriching experience.

The English Learning Buddy Program enables Buddies to make a meaningful impact on girls' lives by enabling them to strengthen their spoken English skills (while making a new friend along the way)!

English Learning Buddy Program

Student Testimonials

The OneProsper English Learning Buddy program allowed me to connect with two girls who attend the Lotus Petal Foundation school in India. I enjoyed how much I was able to interact with them in general and help them with their English pronunciation and reading comprehension. I also liked how I was able to learn about their lives and their interests. I could tell that they were very engaged every week, and seeing that truly made this program a great experience for me.

- Pallavi Bomareddy, Junior, BASIS Independent Silicon Valley

Tutoring students at the Lotus Petal Foundation was an incredible experience. The student I was assigned to was very respectful, eager to learn, and fun to work with. Not only did I enjoy teaching her, but I also learned a lot from her. The fact that we came from drastically different backgrounds made it an extremely unique experience and broadened my perspective of the world. My time with her was tremendously gratifying, and I am grateful to OneProsper for the rare opportunity.

- Andria Xu, Sophomore, Homestead High School

My experience being part of the English Learning Buddy Program has been very rewarding, as I have been able to help young girls in India to improve their English skills. When I first joined this program I did not realize how much I would enjoy meeting with my buddies. With video meetings scheduled each week, I have had the opportunity to truly get to know my buddies, despite the fact that they are in a different country. It has been so incredible to see them progress and to watch them gain confidence in their abilities as they do so; the illuminating feeling that I get when my buddies can read an entire passage without making a mistake is indescribable. I would absolutely recommend this program to others because of the amazing sense of accomplishment I feel after each meeting with my buddies, knowing that I have made a small difference in their lives. - Anoushka Dadlani, Sophomore, Convent High School

Understanding how the body works has always intrigued me and has led me to pursue career in biomedical research. I graduated from Trent University with a bachelor's degree in Biochemistry and Molecular Biology with a specialization in health sciences. I'm currently a graduate student in Dr. Robert Huber's lab at Trent University. My research revolves around studying the role of one of the causative proteins, Mfsd8 (major facilitator superfamily domain 8), in a rare form of neurodegenerative disease, known as Batten disease, using the microbe *Dictyostelium discoideum* (a.k.a. slime mold) as a model.

Canada Summer Jobs opportunities now available for young Canadians in Port Moody-Coquitlam, Anmore & Belcarra

1116 Austin Ave. Coquitlam, British Columbia Employment and Social Development Canada

The COVID-19 pandemic has had a tremendous impact on all Canadians, but especially on young Canadians. That is why the Government of Canada continues to make historic investments to ensure that youth have the supports and opportunities they need to build long and successful careers.

Today, MP Shin, the Member of Parliament for Port Moody-Coquitlam, Anmore & Belcarra, on behalf of the Minister of Employment, Workforce Development and Disability Inclusion, Carla Qualtrough, announced that tens of thousands of Canada Summer Jobs opportunities are now available at jobbank.gc.ca/youth.

This means that more than 400 job opportunities are available for youth in Port Moody-Coquitlam, Anmore & Belcarra. Good quality jobs like martial arts instructor, or landscape labourer, or camp counsellor, or video game designer, and more are available for youth in the riding.

In response to the ongoing pandemic, the Government is giving employers the flexibilities to hire youth to work on a full-time or part-time basis, as well as beyond the summer months, with some placements extending to February 2022.

This year's record-breaking number of job opportunities will help young Canadians discover different careers, gain meaningful experiences, and save up for school.

Quotes

"This year's Canada Summer Jobs program goes above and beyond to help support young Canadians through this pandemic. With a record-setting 150,000 job opportunities, more young Canadians across the country will be able to find a job and gain meaningful experience that they'll carry with them for the rest of their lives. There is only one way to describe the investments we have made and continue to make in young Canadians, and that is: ground-breaking. Our plan for a strong economic recovery includes youth and recognizes their important role in our future. We will always be there to support the next generation."

– - Minister of Employment, Workforce Development and Disability Inclusion, Carla Qualtrough

"This past year, young people all over Canada have been navigating a very challenging path due to the COVID-19 crisis, including youth in BC. Right now, many young people in BC are looking for safe and secure job opportunities. With this record-setting number of job opportunities, the Canada Summer Jobs program will be there to help youth earn money, grow professionally and move forward in their lives. I strongly encourage young people in BC who are looking for work to go to Job Bank and check out the Canada Summer Jobs opportunities available for them in our community."

– Nelly Shin, Member of Parliament for Port Moody-Coquitlam, Anmore & Belcarra
