

DAILY ANNOUNCEMENTS

Thursday, November 24, 2022

The **Grade 8 boys Volleyballers** worked hard at Eagle Mountain last night. Although there were only 5 athletes competing, their heart was evident as they set, bumped and blocked their way through the highs and lows of the tournament. Great Work boys!

Huge shout out to the **Grade 8 girls B volleyball team** who absolutely slayed it yesterday and showed great leadership while hosting these games. They played their hearts out and it showed, some great rallies and sets. Way to go Hillcrest! Be proud of yourselves ladies.

Grade 8 students, are you interested in the **iHUB** program? iHUB is a program for high school students in our district where students pursue their own personal interests and dreams with a project-based learning approach. iHUB will be presenting at our school on next Tuesday at 12:30pm in the Learning Commons. If you are interested please attend the presentation for more info.
