

# DAILY ANNOUNCEMENTS

Monday, April 17, 2023

Are you interested in joining Hillcrest's **badminton** team? Come to Mr. Perry's room, room 153, at lunch today to learn more. All grades welcome!

Saturday April 22<sup>nd</sup> is Earth Day. This week, students and staff from all over the district will be participating in the Earth Day Eco-Week Challenge. Eco Week is 4 days dedicated to helping save the environment and combat climate change.

To play all you need to do is register a team using the QR code found on the event posters and then submit a photo and description of how you accomplished the challenge for that day. You will find the posters around various areas and hallways of the school.

Your team can be your class, a group of friends, a club, or even the whole school, you just need a minimum of 10 members. Each day your participation gives your team a chance to win a pizza party and on the fourth day, each participant has a chance to win from over 100 individual prizes!

If you have questions look for the posters or ask Ms. Litz. Connect via the QR code to get started.

**Today** is the first day of the Earth Day Eco Week Challenge. Today's theme is reducing electricity, so find a way today to reduce your usage by turning off the lights at lunch, having a class that learns outside, or finding another way to reduce electricity use.

Tomorrow, we want to use less natural gas by turning down the heat so bring a sweater as it may be colder.
