Storm Clean Up

District crews have been extremely busy all week cleaning up and making repairs after last weekend's windstorm, doing their best to get the school grounds ready for Tuesday.

The district has prioritized the work, getting the pathways, parking areas, playgrounds and sidewalks cleared of large debris. There may still be some large trees down so district staff has placed caution tape around these areas until they are able to get back on site to remove them.

Please be aware that there may be piles of branches etc. still on the fields, that will be picked up as soon as possible next week. It would be appreciate if the debris could remain in piles.

Your patience is greatly appreciated as we work our way through this challenging storm clean-up.

Have a wonderful weekend! See you Tuesday.
