Traffic Concerns and Safety around Irvine

One of the most important elements to a successful school is team work. As such, this means working together toward a common goal or vision, and when this happens successfully, the results are often greater than expected.

One of the most important issues that we all need to work together to improve is traffic safety in and around the school. I do not know of anyone who would object to making changes / decisions that would keep our kids safer. I have listened to parents individually as well as collectively (in our PAC meeting this past Wednesday) and there are some serious concerns about traffic in and around the school.

On both Wellington and on Renton, there is signage that is clearly visible that lets you know where you are not allowed to stop or park. On Wellington, this extends from the lower parking lot to Renton Ave. (on both sides of the road) and on Renton, the signage is in several places along the entire Avenue. On Wellington, stopping near the crosswalk to let your children out to come down the steps into the front doors of the school may just, "take a second," but when you do this, you obstruct the view of other drivers along Wellington and put anyone trying to cross the street at risk (because drivers may not see them). Add to this that cars are often speeding along Wellington (PLEASE WATCH YOUR SPEED IN ALL SCHOOL ZONES) and it makes things even more dangerous.

Traffic safety is (likely) an issue in all schools. I know that the vast majority of people obey the traffic signs. I also know that there are some days when, for whatever reason, we are in a hurry, late, etc. I ask that you take the extra time necessary to ensure the safety of your own children as well as the safety of the rest of the children that attend Irvine.

Two final notes: please do not park on any of the streets and block driveways. I know that this is something that should be straightforward, but it happens. Also please remember that the upper parking lot is for staff only. The only exception to this are the two spaces for those with parking permits. Please do not park in either of these spaces unless you have an appropriate permit. Thank you.

Traffic safety meeting

On this same topic, the SD43 DPAC (District Parent Advisory Council) is having a school traffic safety session on March 13th at Winslow Center. It should be a good opportunity to see what DPAC, SD43 and the RCMP might have to offer.

TOPICS FOR THE SESSION WILL INCLUDE:

Driving today
Road rule refresher
Police reporting
Personal safety
Pedestrian safety (walking to school)
Transit safety

Date: Wednesday, March 13, 2019 7 p.m. – 8:30 p.m.

Where: Gallery Room, Winslow Centre, 1100 Winslow Avenue, Coquitlam

Register: The event is FREE, but they ask that you please register.
