WELCOME!

NEW PRINCIPAL LEANN BUTEAU

Thank you for the warm welcome you have given me to this great school community. I am so excited to be part of it and even in my first week I have met so many wonderful children and their families that make this the best place it can be. I am ecstatic to be back in elementary school where I began my teaching career. I am a graduate of the 5 year Bachelor of Education program in elementary education and special education (University of Victoria) as well as a Diploma in Special Education and a Masters in Leadership and Special Education (UBC). I started my career with the Vancouver School Board in the early 1990s. I taught both elementary and secondary students as well as served the entire district as a consultant for students with learning challenges and as a learning and development consultant focusing on adolescent, aboriginal and English language learning best practices. I have been an administrator since January 2010 at two high schools in Vancouver and 2 secondary schools in the Coquitlam School District. I was most recently the vice principal at Riverside Secondary.

I value parental involvement in their child's education. We have to work in a partnership to support our children. I am a proud Mom to 3 grown women who went to SD 43 schools and each was a different kind of learner. It was my experience with them that has shaped my work with parents. I am also passionate about building an inclusive and broad educational community ensuring every student's needs are met while they are with us. Sometimes this is difficult to do in such a large system but we try our best at all times.

I look forward in meeting with you in person over the coming months.

Rob is so thankful for his time at
Mundy Road, and is very
appreciative of having the chance
to
work with the kids and the PAC
here...he will miss the community
greatly.
