PAC Donation Letter (Tamara/Rob)

The process is a bit different than in the past. Those donations are not for the PAC to direct as they are collected by and belong to the District (but allocated to the school and at the school's discretion to spend, not the PAC's). Before we do it again we should be clear about the process. There are different ways to move forward.

New Business (Pt.2)

Fundraising (Tamara Sherdahl): Should we offer the Save Around book as a fundraiser?

Parent Education (Anita Krishna): Saleema Noon as possible Parent Education speaker.

We have to decide to whether we want to partner up with another school and share cost. Or keep it more intimate and just do our school. Also, what grades should we include? Whole school or older kids only? Possible date for this, early February? Any other ideas and suggestions?
