September 2020 – Pleasantside Building Envelope Repair Update

Dear Families and Neighbours of Pleasantside Elementary School,

We are writing to let you know that the Building Envelope Repair at Pleasantside Elementary School will be beginning in the coming weeks. This work will involve replacing the exterior cladding and windows on the building. Additional details will be shared on the school's website closer to start of construction.

The School District is working closely with the contractors on ensuring safety, COVID-19, and bylaw protocols are in place and adhered to.

During the school year, families are encouraged to park away from the school and walk to the school with their child or carpool during drop-off and pick-up times to help minimize the amount of traffic in this area. There will be onsite pathways separated from the construction areas. Updates to drop-off and pick-up logistics for families will occur on an as needed basis.

Sincerely,

School District # 43 (Coquitlam)
604-939-9201
