Grade 9 students will not attend school on this day; their day will consist entirely of being at a work site (those who work remotely are also encouraged to participate in the day). Students will share their learning through a follow-up activity later in the week.

Please check your Grade 9 student's SchoolCashOnline account, complete the consent form, and submit at your earliest convenience so that the absence can be excused.

REMINDERS WHEN USING THE BUS

As Translink is back to regular levels of service, please keep the following in mind when you are taking public transit:

- Be mindful of where you are standing when the bus is coming to a stop. Moving away from the curb allows the driver to pull in safely.
- Remember that other students want to get on the bus. Pushing your way to the front of the line makes everything slower for everyone.
- With construction, the bus stop locations have changed. Check the signs or your app carefully to make sure that you're at the right bus stop.
- Other bus riders may not want to hear your conversation—keep the volume down.
- You might miss the bus, or it might be full. Another one will be along soon.
- If you see something unusual when you're on public transit, report it to a uniformed attendant, or text 87.77.77

We all need to work together to make a transit system that it safe for everyone!

A Message to SD43 families: Safe and Appropriate Halloween

Halloween across all schools in SD43 is a fun and festive day which brings the school community together. Typically, the time around Halloween is incident-free and very respectful.

From time to time, a few students “in character” push the boundaries of what is socially acceptable, or what is appropriate behavior in schools, sometimes at the expense of others. With that in mind, for student safety and school climate reasons, and to ensure that every student and adult in our community enjoys the time around Halloween, we would like your assistance in reinforcing these guidelines with your children:

- Students in costume should be easily recognizable and/or identify themselves to any staff member when queried. Also, students “in character” are to conduct themselves appropriately. Behaviors which intimidate, harass, or humiliate members of the community do not contribute to a fun, festive, and safe environment.
- Replica weapons (guns, knives, etc.) are inappropriate, as are costumes which are hyper-sexualized, or costumes which depict elements of sexual exploitation.
- It is also important to note that costumes which portray negative stereotypes or that demean or make fun of any group of people are inappropriate. Costumes should not make light of anyone’s religious, cultural, ethnic or racial group.

As a reminder, by law and School District expectations, the use and possession of firecrackers or fireworks at school is strictly prohibited. This pertains to students before, during or after school, on or offsite.

With respect for each other, we can avoid any disruption to school communities in the form of vandalism and/or disrespectful, potentially dangerous behaviour. Students and parents need to be mindful that inappropriate behaviour will be addressed by school administration under the authority granted by the BC School Act and with the involvement of police where appropriate.

The Learning Services Zone Coordinators and other school personnel from School District # 43 invite parents and caregivers of children with developmental delays, disabilities, and diverse learning needs to an information session to discuss what to expect when your child enters kindergarten. School District 43 invites parents and caregivers of middle school students with developmental delays, disabilities, and diverse learning needs to an information session focusing on how Secondary School can provide meaningful educational opportunities that support the student's development, maturity and progress towards future goals. Protect children from respiratory illnesses this winter

Respiratory illnesses tend to increase as we spend more time indoors. Common colds, the flu and COVID-19 spread through tiny droplets as people who are sick breathe, talk, cough or sneeze. When other people touch these droplets and then their eyes, mouth or nose before washing their hands they may become sick.

There are a handful of steps both children and adults can take to protect themselves and limit the spread of respiratory illnesses:

- Wash your hands often with soap and water. Use alcohol-based sanitizer if soap and water is not available.
- Avoid touching your face, especially your eyes, mouth and nose.
- Cough and sneeze into your elbow.
- If you have symptoms, stay home and stay away from people at higher risk of serious illness.

Flu and COVID-19 vaccinations

The best way to protect others and reduce the risk of getting sick with the flu and COVID-19 is to [get immunized](#). The flu and COVID-19 vaccines are safe, effective, and available for free to anyone aged six months and older.

It is much safer to get the vaccines than to get the illnesses. Register your children with the Get Vaccinated system so that you can be invited to book their vaccinations when they are due.
