POST-SECONDARY AND CAREER ADVISOR UPDATE: Please join us in congratulating **Ms. Fern Truax** on her recently announced retirement. For over 20 years Ms. Truax has supported many students and families as they navigate their pathway from Port Moody Secondary to post-secondary and career options. Ms. Truax last day is **Friday, October 16th** and this information has been shared with students. A testament to her skill set and knowledge, we have noticed a significant increase in students seeking her support since the announcement was first made. Unfortunately, drop in appointments (in person and online) are not available as we have already surpassed our maximum booking of appointments between now and October 16th.

ATTENTION GRADE 12s: In the coming weeks, the Counselling Department will be sending out fact sheets with the Times to help guide you in some of the questions you may have with post secondary options, scholarships, and other aspects important to you this year. Please watch for these, and use them as a guide to your journey ahead. This week we want to encourage you to start your journey to finding a career path with one of the best on-line planning tools: Education Planner BC. This tool will help you investigate careers, find programs that will allow you to access your careers of interest, and apply to post secondary institutions. Go and EXPLORE! This is one very important part of the process, is to explore options and find the areas that you are most interested in.

You can't plan your whole life ahead of time

Have you ever heard someone say something like, "I fell into my career"? That's because as important as planning and research are, chance still plays a role. Keep an open mind and learn to tolerate some degree of uncertainty.

You change over time

As your life circumstances evolve - you get older, develop new insights - your feelings about what you want to do will evolve. You need to be able to reorient yourself when necessary.

The work world changes over time

Remember, the job title "app developer" didn't always exist. Developments occur so rapidly that the form a career takes now could be very different in a few years. It's a balancing act. Keep track of your own changing wants while also keeping an eye on the horizon.

No job will be without some things that bug you.

Don't fall into the trap of expecting to find the "perfect" career. Identify the elements of what would be the ideal path for you, and then make conscious choices about where you're willing to compromise.

Satisfaction, not status, is key!

Many people feel pulled to a field that's familiar, popular, or high status. You'll be much happier and far more successful if you find something that relates to your own interests and strengths. Qualities that you take for granted can be valuable assets in many career fields.

COUNSELLING CENTER UPDATE: This year the counselling center will need to adjust how we meet/connect with families. We are not having students/families come to our offices during the pandemic. Our spaces are too small to accommodate meetings safely. As well, the main office is closed to all but the office staff. Students and families may email us questions, and we will respond. With the increase in email volume, we may need a day or so to respond. Soon, we will have access to a space to meet with students by appointment. This will likely be set up by the beginning of October. We will also utilize Teams for meetings with parents. We are excited to include Ms. Zhou, a teacher who is training with Mr. Gibney to become a school counsellor. She will be working with us and supporting students for Quarter 1 and 2. The new alpha loads are as follows:

Ms. Campbell (A-K)
Cicampbell@sd43.bc.ca

Mr. Gibney (L-Z)
Jgibney@sd43.bc.ca

Ms. Zhou
Dzhou@sd43.bc.ca
