

September 10, 2020

Today and Friday students will receive paper copies of their full year schedule. Even for our returning students there may be some questions as it does look a bit different. At the secondary level we have a variety of course offerings in a day that we are now organizing into the quarterly, two block structure.

Below are some common schedule examples to assist you with rehearsing the new quarter system, knowing where to go on Monday, knowing why some friends may have different time schedules than you, and understanding the overall coding of the schedules you will soon see.

Understanding the Codes on a Timetable

Term Column: FY = Full Year
 Q# = Quarter 1, 2, 3, 4

Schedule Column: # (brackets) = the block number.

For Monday, September 14th :

- Q1 1(Day 1 – Day 2) = AM (8:30 Learning Group)
- Q1 2(Day 1 – Day2) = PM (11:15 hybrid class)
- On Monday the 14th, disregard blocks with a 0, 3, 7, or higher than 7. These numbers represent courses outside of the schedule. Teachers will be contacting students and explaining the details as to when and how the course will operate.
- (Day 1) or (Day 1 – Day 2) = ignore. This was used for our semester schedule.

Student Timetable Scenarios (last name for all scenarios is "Blues")

On Monday, September 14th this student above will:

- arrive to Room 107 for their 8:30 morning (AM – Learning Group) class. **If a student's schedule does not have Q1, 1(Day1 – Day2) then 8:30 is NOT that students arrival time on Monday.** If last name A – L and there is a Q1, 2(Day 1 – Day 2 class) then student attend Monday at 11:15. If last name M – Z with a Q1, 2(Day1 – Day 2) then student attends Tuesday the 15th at 11:15.
- After lunch the student will go to room 322 because last name starts with B. Students M – Z do not attend this class on Monday. They attend Tuesday.
- Foundations of Math & Pre – Calculus 10 / Science 10 = Quarter 1 classes
- On November 17th the quarter and two courses will end
- On November 18th the two courses for Q2 are Automotive Technology 11 & Career Life 10
